Interactive and educational, this special event will cover the broad continuum of pruritus management, from recent advances in targeted therapies for refractory pruritus to clinical utility of anti-pruritic drugs in the clinical setting.

Join Dr Rusty Muse from Animal Dermatology Clinic in Tustin with Dr Mandy Burrows from the new Animal Dermatology Clinic in Perth for this unique format which will include case presentations, in conjunction with lively and interactive debates, covering some of the more controversial topics in the field with a focus on relevance for veterinary practice.

Veterinary practitioners are welcome from 6.30pm for drinks and food to celebrate the extension of the Animal Dermatology Clinic to Western Australia and what this means for your veterinary practice, your clients and their pets.

Come and listen to the latest developments in veterinary dermatology with the answers to questions you ask yourself in practice all the time

RSVP: Please complete the section below and return by fax to 9360 7283 or scan and email to cve@murdoch.edu.au by Monday, 25th March 2013
