**The Hindlimb**

Join Mark and Lynne for an entertaining evening of orthopaedic surgical Q&A on hindlimb problems. You have the opportunity to submit your own case radiographs prior to the event and have them discussed anonymously on the night. Interesting cases from Murdoch’s Veterinary Hospital will also be presented.

This will be an informal, interactive case discussion in the Q&A style with the focus on practical solutions to hindlimb orthopaedic problems commonly encountered in small animal practice.

At the end of the night you will walk away with practical, up-to-date approaches, tips and solutions for your own orthopaedic cases.

Your material must be submitted to: [cve@murdoch.edu.au](mailto:cve@murdoch.edu.au) no later than Tuesday, 12th March to be considered for the night.

Feel free to call Mark on (+618) 9360 2295 if you have any questions.
