

SCREENRIGHTS LABELS

Screenrights recordings used at Murdoch University must be labeled with the following information:

- the title of the program
- the TV channel or radio station on which the program was broadcast
- the date of the broadcast
- the time of the broadcast
- the length of the recording
- the date that any subsequent copy of the recording was made

n.b.: this information will be collected during surveys of our use of Screenrights recordings, and will enable the agency to distribute payment to the copyright owners of the works used

The licence does not specify a format, so the details could be written on the label usually supplied with a blank video or straight onto a DVD, or you can make a copy of the suggested label below

**copy made for Murdoch University under
Part VA of the Copyright Act**

title of program: _____
tv channel or radio station: _____
date & time of broadcast: _____
