Information supplied in this booklet is correct as at 21/05/07.
Welcome to Murdoch University!

Congratulations on your offer of a place at Murdoch University. The details included in this booklet will assist you with accepting your offer, seeking advice on your options of enrolment, choosing your units and completing your enrolment online. Tick [✓] the steps below as you complete them, to ensure you complete all parts of your enrolment successfully.

If you do not have ready access to computer facilities either at home, work, your local library etc., the University has many computers available on-campus for students. For further details contact the IT Helpdesk on 9360 2000 or http://www.murdoch.edu.au/studentit/labs.html.

External students who are unable to access computer facilities due to extenuating circumstances are able to apply to receive their University correspondence via hardcopy. A copy of the Application letter is included in your External Enrolment Pack. For further information please contact the External Studies Office on 9360 2710.

**STEP 1 Accept your offer and activate your Murdoch account via the Offer Response System**

Go to the Murdoch Home page (http://www.murdoch.edu.au/) and follow the link to the New Students website. You will need your Offer Letter (Domestic students) or Confirmation of Enrolment- eCOE (International students) handy as this contains your Student Number. From here you can;

- Choose to Accept, Defer or Reject your offer (domestic students only)
- Set your Murdoch Password (all students)
- Set and confirm your email address (all students)
- Select your course as offered (domestic students only)

Now that you have accepted your place as a Murdoch student you are ready to select your units and complete your enrolment! Continue from Step 2 over the page.

**Important Point  Email Account**

The University’s primary form of correspondence to all students is via email.

If you have not set an existing email address in Step 1, the University automatically provides you with an email address, of the format yourstudentnumber@student.murdoch.edu.au. You can access your Murdoch email account with webmail (available on any browser) at: https://wwwstudent.murdoch.edu.au/mail using your Murdoch User name (Student Number) and Murdoch Password (same as MyInfo).

It is essential that the University has your updated email preference so that you receive important communications from your lecturers and University Administrators.

External students that are unable to access computer facilities due to extenuating circumstances are able to apply to receive their University correspondence via hardcopy. A copy of this application letter is included in your Enrolment Pack. For further information please contact the External Studies office on 9360 2710.
**STEP 2 Research your Course, Unit Sets (majors, minors) and Units**

Review your Course Description (Appendix A).
From here you can see any recommended Double Majors or Minors and the list of units that you will be required to complete in order to graduate in your chosen course and qualification.

Review the Course Checklist and Unit Prerequisites (Appendix A)

Review the Sample Enrolments for your course (Appendix A).
Some courses provide you with a choice of units within the requirements, so you may wish to plan your own enrolment version and therefore not need to follow the sample enrolment that we have provided.

**1st Year units**
Generally new full-time students will enrol in 4 units in each semester at Part I level (units beginning with a ‘1’). Students do not have to take a full-time load and can enrol part-time, however this does not mean that the units are taken "after hours". Part-time refers to a load of less than 9 credit points in the Semester. Please note that in order to qualify for AUSTUDY usually you need to enrol in at least 9 points per semester. This may vary. If in doubt you should check with Centrelink to confirm your entitlements.

**2nd (and subsequent) Year units**
Students who have completed studies at another tertiary institution before starting at Murdoch and who have been given credit of at least 18 points may take 2nd year (Part II units) provided they have also completed the individual unit’s prerequisites.

Review the unit listing in the Handbook for a description of each of your Units.
http://handbook.murdoch.edu.au/units/

Review your Lecture Timetable.
Once you have decided which units you will take in Semester 2 2007 but before you enrol, you are encouraged to check that the units you have chosen are not timetabled to run at the same time. Generally you should find that the lectures for the units you are required to take will not clash, however some elective units may not fit into your timetable. The quickest method of checking is to refer to the online teaching timetable’s nominated units website at: http://www.murdoch.edu.au/admin/timetables/teaching/enquiry.html Here you can type in your 3 or 4 units for the semester and see the timetabled lecture times.

You may also need to consider whether you can attend campus for all units (internal option) or whether it would be better if you could take one or two units in the External option. The learning objectives of any unit are identical irrespective of whether you are studying the unit internally or externally. The External option is not available in all units however you may have a choice within your course. Please note: Under visa requirements International students are not permitted to take external units.

Record your Personal Study Plan (Appendix C)
**STEP 3 Unit Enrolment Online**

The University’s student self enrolment and management system is known as MyInfo ([http://myinfo.murdoch.edu.au/](http://myinfo.murdoch.edu.au/)). Within Myinfo you can manage your enrolment in your course including unit selection, unit set (majors, minors) enrolment and tutorial signup. You can also update your personal details (home and postal addresses, email address).

**Log into MyInfo**

Log into Myinfo at [http://myinfo.murdoch.edu.au/](http://myinfo.murdoch.edu.au/) by using your Murdoch User Name (Student Number) and Murdoch Password (as per Step 1).

**Check Personal Details**

Click on the Personal Details menu item and then Change Address(es). You should check that this information is up to date and make any changes as necessary.

**Enrol in Units for 2007**

Click on the Change Enrolment Details menu item and then Self Enrolment Steps. Read all of the information on this page and then scroll down to the Self Enrolment Steps heading.

Starting with the Disclaimer work your way through each of the steps. Each step has an explanation to the process so please read each one carefully.

- **Disclaimer** – Statement concerning your use of MyInfo and adherence to the University’s legislation.
- **Services** – Your opportunity to join the Student Guild as a financial member and access their many services and facilities. You can also validate your Transperth SmartRider for a tertiary concession if you are studying fulltime.
- **Course Completion Date** – Keeping the university informed when you are likely to graduate.
- **Unit Sets** – Your method of adding or amending unit sets (Majors and Minors). You will need to have at least one Unit set recorded as your Primary one.
- **Units** – This is where you add your new units. Use the Search function to find the unit you want. You can also just type in the first 3 alpha characters to list all of the units with that prefix. It is essential that you Save Changes when you have selected the unit(s) that you want added.
- **Commonwealth Assistance Form** (Domestic Students only) – This is a Commonwealth Government requirement. To complete this you will need your TAX FILE NUMBER (TFN). If you do not have TFN handy you can come back to this step later, however this step must be completed by the Census date (31st August) to avoid having your course cancelled as per Commonwealth Government regulations.

Once you have returned to the Self Enrolment Steps main page all items that you have successfully completed will be flagged with either a ‘Green Tick’, which means that you do not have to come back to these, or a ‘Circular Arrow’ which means that you have successfully completed this item but can come back and make changes at a later date as well.

If you need any help with navigating through MyInfo or have a technical issue, check out the Help section first. This can be found on the left hand menu if you are already logged into MyInfo or if you are not logged into MyInfo there is the “Need Help?” section on the right hand side of MyInfo Access page ([http://www.murdoch.edu.au/students/myinfo/](http://www.murdoch.edu.au/students/myinfo/)).
**STEP 4  Current Enrolment Details**

When you have enrolled in all units that you intend to take in 2007 you are encouraged to view your current enrolment from the **Current Enrolment Details** menu item in MyInfo. Select Course and Unit Details and then click on Units. You will need to check that all the units that you intend to take are included, and show as ENROLLED!

Print out a copy of your Current Enrolment Details

**Important Point  Enrolment Deadlines**

You will be expected to enrol in all your units for Semester 2, 2007 as soon as possible. The last date to add an internally offered unit to your enrolment is the end of Week 1 of Semester; and the last date to add an externally offered unit, or to change from an internal offering to an external offering, is earlier to allow time for mail out of materials. You need to enrol in external offerings no later than the end of Orientation week, however please check the Dates and Deadlines page online for exact dates - [http://www.oss.murdoch.edu.au/enrolment/deadlines.html](http://www.oss.murdoch.edu.au/enrolment/deadlines.html).

**STEP 5  Attend your Course Advice session(s)**

If you are unsure about your choice of units or have specific course related questions that you need answered, you should attend the Course Advice Session(s) offered by your School. These are held during Orientation week. At these sessions the Program Chair(s) will be available to advise students on the requirements of the degree and answer any unit selection and enrolment queries that may arise. The Orientation and Course advice session timetable will be available at [http://www.oss.murdoch.edu.au/orientation/](http://www.oss.murdoch.edu.au/orientation/).

If you have read through this booklet AND attended a Course Advice Session but still have a query or concern with your enrolment, your Divisional Student Administrative staff will be able to assist you. You are encouraged to “have a go” by yourself and then either telephone or email your Divisional student administrative staff member (Appendix G) with the specific concern, and they will look after you! However, please be aware that this assistance may be limited during the busy course advice session times, during Orientation Week and also Week 1 of semester.

Don’t panic if you are unsure of your choice of units. Do the best you can, and then seek advice either at your Course Advice Session, from the resources available on the Divisional Student Administration websites:-

**STEP 6  Student ID/Library Card and Parking Permit**

Get your Murdoch Student ID/Library Card
These are available from the IT Service Desk in the Library (this can be done at any time or during Orientation Week) or, if you are an external student living more than 30 aerial kms from the South Street campus, contact Janice Pell (J.Pell@murdoch.edu.au or telephone 08 9360 2154) to request a Student ID/Library card application form or see URL: http://wwwlib.murdoch.edu.au/for/external/forms/idlibrarycard.doc.

Purchase your Parking Permit.
If you wish to drive to Uni and park your car on campus you will require a Murdoch parking permit or a valid ACROD sticker (for Easy Access bays only). Murdoch campus students will need to purchase a parking permit at either the Student Service Centre, Level 2 Chancellery Building, or by avoiding any queues and applying online at http://www.oss.murdoch.edu.au/parking/. The online facility will be open from mid July 2007.

Parking at the Murdoch campus in the Green zones will be free between 18th June and 3rd August. After this date you will need a parking permit (Students at the Rockingham and Peel campuses will be required to apply for a 2007 permit however there will be no charge for 2007. You can apply via the Rockingham and Peel administration offices.)

**STEP 7  Lectures, Tutorials, Labs and Workshop Enrolment – Activities**

From 2007 Murdoch, Rockingham and Peel students will be able to enrol in Lectures, Tutorials, Labs and Workshops (activities) online via MyInfo (http://myinfo.murdoch.edu.au/).

Enrol in your activities for Semester 2 2007

Click on the Change Enrolment Details menu item and then Activity Enrolment. Read all of the information on this page and then scroll down to see your Unit enrolments and the available activities.

You will need to have completed your Unit Enrolment (See Step 3 above) before you can enrol in any associated lecture, tutorial, lab or workshop. If your unit attempt status is INVALID, you will not be able to select activities for that unit. Enrolment in a Lecture activity may not be mandatory for all units, however it is highly recommended in order to avoid clashes on your timetable.

This system works on a first-in-first-served basis so you are advised to enrol in your activities as soon as possible.

Make sure you also note the start week for each activity as they may not all start from week 1.
**STEP 8 Attend Orientation (Week of 30th July)**

The Orientation program has been designed to meet your specific needs as a new student to Murdoch, to introduce you to key Murdoch University staff and the campus and facilities you will require. You can check the full orientation timetable at (http://www.oss.murdoch.edu.au/orientation/) for activities and Course Advice session details.

All students are strongly encouraged to attend Orientation. We’ve planned a number of activities that will give you lots of opportunity to experience the helpful and friendly atmosphere at Murdoch. During Orientation Week you will be able to;

- Attend Foundation Unit ‘taster’ sessions. These sessions will allow you to get a better understanding of what our Foundation Units are all about and which one is the best for you.
- Meet other students in your same course. Never undervalue the benefits from having friends in your same course.
- Attend a Course Advice Session for information about your enrolment.
- Go on Campus and Library tours.
- Attend information sessions about Student Support services. A wide range of services are available through our Teaching and Learning Centre and Equity, Health and Counselling. Make sure that you are aware of these BEFORE you ever need them.
- Have an introduction to the Student Guild and their services.
- Purchase a parking permit.

**Important Point  Start of Lectures**

Semester 2, 2007 begins Monday 6th August and all students enrolled in INTERNAL units are expected to attend classes during this week. Within Activity Enrolment (Step 7 above) you will be able to see which week your individual activities start, as some Tutorials may start in week 1 or 2.

If you enrolled in a unit in the external option before the end of Orientation Week, your unit materials will be mailed to your home address before the end of Week 1.
Dictionary of ‘Uni-speak’

Outlined below is a general summary of Murdoch enrolment information to help you with some of the more common terms that you will come across as you plan your studies. A full list of Murdoch terminology and relevant regulation requirements can be found in the Murdoch Glossary (http://handbook.murdoch.edu.au/geninfo/vocabulary.html).

<table>
<thead>
<tr>
<th>Booklists</th>
<th>Booklists are available online at <a href="https://www.murdoch.edu.au/ofm/services/bookshop/booklist_edo">https://www.murdoch.edu.au/ofm/services/bookshop/booklist_edo</a> and books can either be ordered online or direct from the Bookshop located on Bush Court at the Murdoch Campus and on the ground floor of the Arts and Commerce building at the Rockingham campus.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Core Units</td>
<td>You will need to ensure that you take the Core units at Part I and Part II for the major(s) that you have decided to complete. Core units are essential units in your major(s). In your first year, your enrolment will include the Part I core units, and in your second and subsequent years you will take the Part II core units.</td>
</tr>
<tr>
<td>Course description, Course checklist and Course structure</td>
<td>At the end of this booklet (appendices) you will find specific information to help you plan your enrolment, find which units you need to take, which pre-requisites are required and the common double majors and minors. For full details of other majors refer to the 2007 Murdoch Handbook (<a href="http://handbook.murdoch.edu.au/">http://handbook.murdoch.edu.au/</a>), your Divisional Student Administrative office or the New Student website (<a href="http://www.murdoch.edu.au/students/new/">http://www.murdoch.edu.au/students/new/</a>). Hard copies of the Handbook are also available in your local library, in the Murdoch University library or can be purchased from the Bookshop.</td>
</tr>
<tr>
<td>Course or Degree</td>
<td>Murdoch uses course and degree to identify the qualification that you will be studying towards, for example the Bachelor of Science (or Bachelor of Arts) degree is your course of study.</td>
</tr>
<tr>
<td>Credit – Advanced Standing – Accreditation.</td>
<td>If you have studied at a University or TAFE before coming to Murdoch University you may be eligible for credit. Credit will mean that the amount of time and units that you need to study at Murdoch could be reduced. The University has two Accreditation Officers, one for domestic students and one for International students. The Accreditation Officers will need to see your past results to assess how much credit you can have. <a href="http://www.choose.murdoch.edu.au/advst.html">http://www.choose.murdoch.edu.au/advst.html</a></td>
</tr>
<tr>
<td>Exemptions</td>
<td>If the study that you completed before coming to Murdoch University was the same or similar to Murdoch’s requirements for your course/degree, you may be granted both credit (points) and exemption for some units. This will mean that you do not have to take those units again. The Accreditation Officer will assess your previous study record for Exemptions and advise you in writing as to the outcome.</td>
</tr>
<tr>
<td>Foundation Unit</td>
<td>The main purpose of the foundation unit is to help new students to develop learning skills and attitudes to assist them with their studies at Murdoch. For this reason all Murdoch students are required to complete one Foundation Unit unless they have been awarded advanced standing for it. The full description of the 2007 Foundation units is available in the appendix. You will need to choose one of these.</td>
</tr>
<tr>
<td>Full time study/Part time study</td>
<td>Full time study at Murdoch is considered to be at least 12 points per semester. The minimum time to complete a 72 point Bachelor Degree is therefore 3 years (12 points per semester for 6 semesters). Please note: the Bachelor of Planning is a 96 point, 4 year course. International students are required to be enrolled in a full time load every semester as per visa requirements. Part time study refers to the points load, of less than 12 points each semester, and does not mean that you can take units “After Hours”. The minimum study that you must take to retain your place at Murdoch University is a single unit in the academic year.</td>
</tr>
<tr>
<td><strong>General Electives</strong></td>
<td>Most undergraduate degree structures leave room for students to take other units outside of their first major. These are your General Elective units, or free choice units, however most students plan to take these units as the requirements of their second major or towards a minor within the 72 points required for most degrees. Use the Murdoch Handbook online (<a href="http://handbook.murdoch.edu.au/">http://handbook.murdoch.edu.au/</a>) to search for general electives, minors or second majors and for individual unit prerequisites. A list of all Part I units can also be found at the above Handbook address and this is a handy list to use if you cannot decide which general electives to take.</td>
</tr>
<tr>
<td><strong>Intermission</strong></td>
<td>If you require a break in studies of one year or more due to serious illness or other exceptional personal circumstances which might prohibit you from continuing your enrolment you can apply for an INTERMISSION of study (<a href="http://www.arts.murdoch.edu.au/students/forms.html">http://www.arts.murdoch.edu.au/students/forms.html</a>). This may include but is not limited to, personal/family reasons, employment, sporting, cultural, legal or military duties. (Bach Deg Reg 38B). International Students MUST obtain permission from Murdoch International before applying for intermission of enrolment, as the Department of Immigration does not allow international students to intermit their studies except in exceptional circumstances. Intermission of Enrolment may result in cancellation of the student visa. International students should consult Murdoch International or the DIAC help line (131881) for information and advice.</td>
</tr>
<tr>
<td><strong>Internal and External</strong></td>
<td>Murdoch offers most units as Internal (D) where students are expected to attend lectures and tutorials on campus. Some units are offered as External (X), where students would be mailed out the unit materials and would be expected to study at home, and submit all assignments through email or mail. The main challenge of external study will be your ability to commit yourself to a regular timetable of study over the semester. This will require a fair degree of self discipline and in some cases an understanding and supportive network of family and friends. For further information about studying in the external mode see <a href="http://external.murdoch.edu.au/offcampus.html">http://external.murdoch.edu.au/offcampus.html</a>. The closing date for enrolment in external units is earlier than the deadline for enrolment in internal units, to allow time for the materials to reach you before the end of Week 1 of Semester. International students are only permitted to take internal offerings of units, as per visa requirements.</td>
</tr>
<tr>
<td><strong>Lecture, Workshops, Tutorials</strong></td>
<td>The teaching method for most internal units is by Lecture where all students attend, as well as smaller tutorial groups of approximately 15 or workshop groups of approximately 30. Some units may have a single Lecture per week however many units have 2 or 3 lectures per week. A guide as to how many hours you will be required to attend on campus can be found in the Handbook entry for each unit. The online Teaching Timetable shows the Lecture, Laboratory and Workshop times. You will be required to signup for your tutorials as part of your online enrolment. Many tutorials commence in Week 2, and this information is provided at the first lecture. The Foundation units are the exception as they commence Lectures AND tutorials in Week 1.</td>
</tr>
<tr>
<td><strong>Major</strong></td>
<td>A major is a group of units that identifies a specialisation in an area of study. Students taking the Bachelor of Arts, for example, will be expected to complete at least one major (e.g. Sustainable Development) plus general elective units. Many students take their general elective units from a second major or a minor. As part of the enrolment process you will be asked to nominate your major(s) and minor(s). The course description for your major includes the Program Chair’s recommendations for other majors and minors that can be completed with your major (see Attachment A in this booklet).</td>
</tr>
<tr>
<td><strong>Minor</strong></td>
<td>A minor is a smaller package of units (unit set) similar to a major, however there are less core units in a Minor. Students are encouraged to take a second major or a minor when they are choosing their General Elective units for their first major. The full list of Minors can be found in the Handbook.</td>
</tr>
<tr>
<td><strong>Overload</strong></td>
<td>In certain circumstances a student may wish to exceed the normal fulltime load. Enrolment in more than 14 points per semester requires permission of the Program Chair. Application forms are available from your Divisional Student Administration Office web site: Arts <a href="http://www.arts.murdoch.edu.au/students/forms.html">http://www.arts.murdoch.edu.au/students/forms.html</a></td>
</tr>
<tr>
<td><strong>Part I units</strong></td>
<td>Part I is the name that Murdoch gives to the units that students generally take in their first year. Most of Murdoch’s undergraduate degrees require students to normally complete 24 points of Part I units. As most of the Part I units are worth 3 points of credit each this will mean that you will be taking 8 units in your first year, being 4 units each semester. These units have 100 level unit codes (e.g. STP108).</td>
</tr>
<tr>
<td><strong>Part II units</strong></td>
<td>Part II is the name that Murdoch gives to the units that students generally take when they are in their second or third year of study. Most the Part II units are worth 4 points of credit each, and this will mean that you will be taking 6 Part II units in each of the 2\textsuperscript{nd} and 3\textsuperscript{nd} years, being 3 units each semester. These units have 200 or 300 unit codes (e.g. STP212).</td>
</tr>
<tr>
<td><strong>Points</strong></td>
<td>There are 72 points required as the minimum to complete most Bachelor degrees with at least one major. Depending on the choice of majors students can also complete a double major within these 72 points. This would normally take 3 years to complete if you studied full time and successfully passed all units (12 points) each semester. (Not applicable for Bachelor of Planning).</td>
</tr>
<tr>
<td><strong>Primary Unit Set</strong></td>
<td>You have accepted your offer into a course of study, and this course will include the particular first major that you wish to complete. To enable you to enrol in individual units in that course and major you will need to have at least one major recorded as your Primary Unit Set on MyInfo, and the major must relate to the course that you have been offered. For example, if you were offered a single Bachelor of Science in Sustainable Development your first major would be Sustainable Development, and therefore you should record Sustainable Development as your Primary Unit Set. MyInfo will not permit you to enrol in units if you select a Primary Unit set that does not match with your course.</td>
</tr>
<tr>
<td><strong>Preclusion</strong></td>
<td>A student may be granted exemptions on the basis of equivalent studies taken before coming to Murdoch, which are not eligible for credit or, in the case of language units, on the basis of language or other relevant proficiency. Such exemptions without credit are called PRECLUSIONS. Where a Preclusion has been awarded the student would not need to complete the precluded unit, however they WILL be required to replace the number of points of preclusion with other general elective Murdoch points.</td>
</tr>
<tr>
<td><strong>Prerequisite Unit(s)</strong></td>
<td>This is a requirement which a student must have met in order to be allowed to enrol in a unit. Some units assume a level of understanding before you start the unit. For example, in the Planning major it is expected that you will have an understanding of ENV228 Environmental Policy and Law before taking the higher level unit ENV316 Environmental Policy for the 21st Century Therefore ENV228 is the PREREQUISITE unit to ENV316.</td>
</tr>
<tr>
<td><strong>Program Chair</strong></td>
<td>This is the academic staff member who looks after you while you are studying for your first major. The names and contact details of some Program Chairs are listed at the back of this booklet or the full list can be found online at <a href="http://www.murdoch.edu.au/contacts/academic/">http://www.murdoch.edu.au/contacts/academic/</a></td>
</tr>
<tr>
<td><strong>Specified Electives</strong></td>
<td>Some majors may give you a choice of units from a defined list, and these are called Specified Electives. Please note that you do not need to take all of the Specified Electives, only sufficient to meet the requirements of the major.</td>
</tr>
<tr>
<td>------------------------</td>
<td>----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td><strong>Teaching Timetable</strong></td>
<td>Before enrolling you should check that the units you have chosen are not timetabled to run at the same time. You can find Murdoch’s online timetable at <a href="http://www.murdoch.edu.au/admin/timetables/teaching/enquiry.html">http://www.murdoch.edu.au/admin/timetables/teaching/enquiry.html</a>. On this timetable you will find your lectures, workshop and tutorial times. Please note that there is an R (Repeat) against certain lectures/workshops/laboratories in the timetable. This is a repeat and you should attend at the time that fits best into your timetable. If there is no R against the time then you are expected to attend every session indicated.</td>
</tr>
<tr>
<td><strong>Unit Co-ordinator and Tutor</strong></td>
<td>An academic staff member is usually the main lecturer of each unit, and is called the Unit Co-ordinator. When you attend the smaller tutorial group you may also be assigned a Tutor. The tutor or the Unit Co-ordinator are the people who you can go to if you have any queries about the individual unit. The names of the Unit co-ordinators are available on each Unit Welcome Page on the Murdoch website (<a href="http://www.murdoch.edu.au/index/units">http://www.murdoch.edu.au/index/units</a>).</td>
</tr>
<tr>
<td><strong>Units</strong></td>
<td>This is the name given to each individual package of study, for example STP108 Introduction to Sustainable Development is a unit.</td>
</tr>
<tr>
<td><strong>Unit Set</strong></td>
<td>Murdoch’s online enrolment system refers to Unit Sets as being the name of the Majors and minors, or specializations that you are intending to complete during your course. See also “Major” and “minor”.</td>
</tr>
</tbody>
</table>
FAQs – Frequently Asked Questions

1. General Electives - What are they and where can I find them?
A General Elective is a unit that is not a required unit (Core Unit or Specified Elective) for your Major or Course. It can be selected from outside your primary area of study and may form part of a second Major or Minor. See ‘Uni-speak’ in this booklet for a longer explanation of General Electives along with Majors and Minors. There is no single ‘list’ of General Electives. You can select General Electives by taking the units that make up a second Major or Minor or by looking at the online Handbook list of units http://handbook.murdoch.edu.au/units/.

2. Units - Which units do I need to do and how do I know that I have enrolled in the right units?
The Checklist of Units and Prerequisites (Appendix B) and Sample Enrolments (Appendix C) in this booklet show you your required units and units you should enrol into. Enrolment Information for New Students booklets for other Majors are available from the New Student website http://www.murdoch.edu.au/students/new/.

3. Invalid Units - Why is my unit enrolment INVALID?
Click on the ‘Why is this Invalid?’ button in MyInfo. To find this button, go to ‘Change Enrolment Details’, ‘Self Enrolment Steps’, and then ‘Units’. Beside the invalid unit, you will find this grey button. When you click, a pop-up window will display the reason that the unit is invalid. If you still require help, print off or copy down this information before contacting your Student Administrative Officer (http://www.murdoch.edu.au/dirs/adminassist.html).

4. Activities (Tutorials/Workshops/Labs) & Unit Coordinators - How do I sign up for my Activities and what do I do if they are full?
Activity sign can be found in MyInfo by going to ‘Change Enrolment Details’, ‘Activity Sign Up’ and then click on the ‘Add or Change Activities’ button. Choose your Activities from the selection available. If your chosen Activity is full there are three options available: review your whole timetable to check if you can make changes to any other units, consider doing a unit externally (if available), or contact the Unit Coordinator, if your circumstances are extenuating. Unit Coordinator contact details can be found via the Unit Welcome Page http://www.murdoch.edu.au/index/units.

5. Unit Sets - What are Unit Sets?
This is the name given to Majors and Minors by MyInfo, and often referred to as a Course. You must have at least one primary unit set on MyInfo which matches to your course (eg. Bachelor of Arts in History, with primary unit set of History). See also “Unit sets” in the “Uni-speak” in this booklet.

6. Majors and Minors - How do I add or change a major or a minor?
Second Majors and Minors can be added or changed under ‘Unit Sets’ in the Self Enrolment Steps on MyInfo. To change your course entirely will require a course transfer which can only be applied for near the end of each semester. The relevant “General Application to Transfer to a Non-Restricted Course …” form can be found online at http://www.oss.murdoch.edu.au/forms/.

7. Part time study or Intermission – How do I study part time? How do I take a semester off?
You only need to enrol in the number of units you wish to complete each semester. Less than 9 credit points in a semester will mean that the University considers you part time. Students can change between full time and part time study semester by semester, as their circumstances change. See ‘Part time/Full time’ in Uni-speak in this booklet. If you would like to take a semester or more off from studying, you should apply for an ‘Intermission of Enrolment’. The appropriate form can be found online at http://www.arts.murdoch.edu.au/students/forms.html
# Bachelor of Planning

</tr>
<tr>
<td><strong>Description</strong></td>
<td>This degree is about planning tomorrow's cities and regions. The degree covers strategic planning which helps determine the best use of land, and statutory planning which sets the requirements and acceptability of particular development proposals. Murdoch's Planning degree emphasises sustainability - integration of economic, environmental and social factors for long term benefit. It also has a strong emphasis on local community engagement and participation skills, and offers the skills and approaches that are highly prized by planning agencies and firms.</td>
</tr>
<tr>
<td><strong>Admission Requirements</strong></td>
<td>As per normal undergraduate degree</td>
</tr>
<tr>
<td><strong>Employment Prospects</strong></td>
<td>Within Australia there is a shortage of planners at local and state government level, and within the private sector. Exciting employment prospects are also available internationally.</td>
</tr>
<tr>
<td><strong>Professional Recognition</strong></td>
<td>Applying for recognition by the Planning Institute of Australia.</td>

Bachelor of Planning (BPlanning)

Course Structure — 96 points

Part I — 24 points
Any Foundation Unit — 3 points

Core Units — 12 points
STP108 Introduction to Sustainable Development — 3 pts
Murdoch: S1-Int, S1-Ext, S2-Ext
LEG100 Law, Justice and Social Policy — 3 pts
Murdoch: S2-Int

or
LEG150 Australian Legal System — 3 pts
Murdoch: S1-Int
LEG153 Introduction to Administrative Law — 3 pts
Murdoch: S2-Int
COD125 Introduction to Community Development — 3 pts
Murdoch: S1-Int, S1-Ext
Rockingham: S1-Int

General Electives — 9 points
Select from any (100-level) units offered by the University, subject to the individual unit prerequisites.

Part II — 72 points
Core Units — 44 points
STP205 Economics For Sustainability — 4 pts
Murdoch: W-Int
STP207 Sustainable Urban and Regional Planning — 4 pts
NA2007
STP212 Cities and Sustainability — 4 pts
Murdoch: S1-Int, S1-Ext
STP243 Self and Sustainability — 4 pts
Murdoch: AU3-Int
STP245 Sustainable Urban Design — 4 pts
Murdoch: S2-Int, S2-Ext
STP221 Ecologically Sustainable Development — 4 pts
Murdoch: S1-Int, S1-Ext
ENV212 Global and Regional Sustainability — 4 pts
Murdoch: S2-Int, S2-Ext
STP330 Cities and Innovation — 4 pts
Murdoch: S2-Int, S2-Ext
STP303 Tools for Participatory Decision making — 4 pts
Murdoch: AU3-Int
STP206 Sustainability Ethics — 4 pts
Murdoch: S1-Int, S1-Ext
STP415 Professional Planning Placement — 8 pts
Murdoch: H-Ext, S1-Int, S1-Ext, S2-Int, S2-Ext, U-Int, U-Ext, Y-Int, Y-Ext

Specified Electives — 28 points
Select from the following:
STP370 Policy, Technology and Democracy — 4 pts
Murdoch: S2-Int, S2-Ext
STP204 Overseas Aid and International Development — 4 pts
Murdoch: S1-Int, S1-Ext
STP302 Sustainability for Professionals — 4 pts
Murdoch: W14-Int
STP256 Marine Conservation Policy and Coastal Sustainability — 4 pts
Murdoch: S2-Int
STP209 Demography — 4 pts
Murdoch: S2-Int, S2-Ext
STP205 Economics For Sustainability — 4 pts
Murdoch: W-Int
STP243 Self and Sustainability — 4 pts
NA2007
AIS301 Indigenous Sustainability — 4 pts
Murdoch: S2-Int, S2-Ext
ENV228 Environmental Policy and Law — 4 pts
Murdoch: S2-Int, S2-Ext
ENV316 Environmental Policy for the 21st Century — 4 pts
Murdoch: S1-Int, S1-Ext
ENV351 Health and the Environment — 4 pts
Murdoch: S1-Int, S1-Ext
MSC345 Communication and Conflict Management — 4 pts
Murdoch: S1-Int

PREREQUISITES
ENV316 Environmental Policy for the 21st Century
N228/ENV228 Environmental Policy and Law.

</tr>
</tbody>
</table>
| **Qualifications**        | Bachelor of Arts (BA) in Sustainable Development (Pass/Honours)  
 Bachelor of Science (BSc) in Sustainable Development (Pass/Honours) |
| **Credit Points for Course** | 72                               |
| **Course Codes**          | B1150 B1151 H1170 H1171           |
| **Availability**          | Internal, External                |
| **Duration**              | 3 years full-time or part-time equivalent |
| **Description**           | Sustainable development is the great challenge of our age. Sustainable development emphasises solutions which integrate economic, environmental and community considerations. It has become the primary development focus of the global community and is being worked through at all levels of government, the economy and civil society. The Bachelor’s degree in Sustainable Development provides a broad and interdisciplinary approach to the many crucial issues related to the sustainability debate, such as population growth, resource use, poverty alleviation, technology development, lifestyles, environmental protection, consumerism, inequality, trade and economic growth. At all times the emphasis is on building connections between theory and practice and helping students to learn how they can 'make a difference'. As an example, students may take STP325 Sustainable Development Project, in which they apply some of the conceptual tools they have learnt to specific problems through data collection and analysis. |
| **Admission Requirements**| As per normal undergraduate admission requirements. |
| **Employment Prospects**  | There are increasing employment opportunities for graduates who are knowledgeable, skilled and passionate about sustainable development, at Federal, State and Local government, in non-government organisations, international agencies, corporations, local business and the media. |
| **Recommended Double Majors** | Politics and International Studies (BA) |
| **Degree awarded**    | Students may obtain either a Bachelor of Arts (BA) or a Bachelor of Science (BSc) on completion of the course, depending on their choice of units. |
Bachelor of Arts (BA) in Sustainable Development (Pass/Honours)
Bachelor of Science (BSc) in Sustainable Development (Pass/Honours)

Course Structure — 72 points

Part I — 24 points
Any Foundation Unit — 3 points

Core Units — 12 points
STP108 Introduction to Sustainable Development — 3 pts
Murdoch: S1-Int, S1-Ext, S2-Ext
ENV102 Introduction to Environmental Science — 3 pts
Murdoch: S1-Int, S1-Ext, S2-Int
BUS161 Introduction to Economics — 3 pts
Murdoch: F3-Int, S1-Int, S1-Ext, S2-Int, S2-Ext
Peel: S2-Int
Rockingham: S2-Int

plus for BA students ONLY:
AIS180 Introduction to Australian Indigenous Studies — 3 pts
Murdoch: S1-Int, S1-Ext
Rockingham: S1-Int
OR
POL133 Introduction to Politics — 3 pts
Murdoch: S2-Int, S2-Ext
OR
COD125 Introduction to Community Development — 3 pts
Murdoch: S1-Int, S1-Ext
Rockingham: S1-Int

plus for BSc students ONLY:
BIO103 Environmental Biology — 3 pts
Murdoch: S1-Int, S1-Ext

General Electives — 9 points
Select from any (100-level) units offered by the University, subject to the individual unit prerequisites. Students are advised to consider using these points to meet the Part I requirements of a second major or a minor.

Part II — 48 points
Core Units — 12 points
Students intending to enrol in the Postgraduate Certificate, Diploma or MA by Coursework, should enrol in the higher level option of the following units where offered.

NB: To obtain a BSc students need to complete at least 24 science points at Part II-level, as well as the required prerequisites at Part I-level.
STP205 Economics For Sustainability — 4 pts  
Murdoch: W-Int  

STP3321 Advanced Sustainable Development — 4 pts  
Murdoch: S1-Int, S1-Ext, S2-Int, S2-Ext, U-Int, Y-Int, Y-Ext  
OR  

STP332 Advanced Sustainable Development — 8 pts  
Murdoch: S1-Int, S1-Ext, S2-Int, S2-Ext, U-Int, Y-Int, Y-Ext  

STP245 Sustainable Urban Design — 4 pts  
Murdoch: AU3-Int  

General Electives — 24 points  
Select from any 200/300-level units offered by the University, subject to the individual unit prerequisites. Students are advised to consider using these points to meet the Part II requirements of a second major or a minor.  

Recommended for BA students:  
AST250 Society, Culture and Ecology in South-East Asia — 4 pts  
Murdoch: S2-Int, S2-Ext  

TLC277 From University to Workplace — 4 pts  
Murdoch: S2-Int  
Rockingham: S2-Int  

Recommended for BSc students:  
ENV268 Ecology — 4 pts  
Murdoch: S2-Int, S2-Ext  
ENV210 Environmental Technology for Sustainable Development — 4 pts  
Murdoch: S2-Int, S2-Ext  
ENV279 Nature-Based Tourism — 4 pts  
Murdoch: S1-Int, S1-Ext  
ENV222 Pollutants and the Human Environment — 4 pts  
Murdoch: S1-Int, S1-Ext  
PEC322 Greenhouse Science and Policy — 4 pts  
Murdoch: S1-Int, S1-Ext  

ENV316 Environmental Policy for the 21st Century — 4 pts  
Murdoch: S1-Int, S1-Ext  
ENV228 Environmental Policy and Law — 4 pts  
Murdoch: S2-Int, S2-Ext  
PEC391 Energy Policy — 4 pts  
Murdoch: S2-Int, S2-Ext, Y-Ext  
TLC277 From University to Workplace — 4 pts  
Murdoch: S2-Int  
Rockingham: S2-Int  

PREREQUISITES  
STP255 Eco-Philosophy and Practice  
Preliminary discussion with the Unit Coordinator will be necessary to confirm suitability for the unit.  
ENV268 Ecology  
N103/BIO103 Environmental Biology.  
PEC391 Energy Policy  
ENV316 Environmental Policy for the 21st Century  
N228/ENV228 Environmental Policy and Law.  
ENV210 Environmental Technology for Sustainable Development  
N104/ENV104 Australian Environmental Issues, or N102/ENV102 Introduction to Environmental Science.  

TLC277 From University to Workplace  
Nil. Preference for enrolment will be given to undergraduate students who have indicated their intention to graduate in the current year.  
PEC322 Greenhouse Science and Policy  
Nil. Recommended: M292/PEC292 Energy in Society; knowledge of Physics equivalent to M120/PEC120 Introduction to Physics.  
STP325 Sustainable Development Project  
Students enrolled in Sustainable Development should have completed at least 16 points of course core units at Part II-level or may enrol with the permission of the Program Chair.

| STP205 Economics for Sustainability          |

*If STP325 is a science based project, then only 4 of the general electives must be science based (ie a total of 24 pts including ENV212)
Appendix B – Foundation Units

All Murdoch students are required to complete one Foundation Unit unless they have been awarded advanced standing and exemption for it. Check the teaching timetable for most up-to-date day, time and room location of each Foundation Unit. (http://www.murdoch.edu.au/admin/timetables/teaching/) All foundation units have Lectures: 2 hours per week; workshops/tutorials: 2 hours per week.

FDN115 Interactions of Society and Technology
Murdoch: Semester 2-internal
Rockingham: Semester 2-internal

Society's constantly evolving interrelationship with technology has fundamentally changed our perception of ourselves and society. It is increasingly important for people to have a broad understanding of social, historical, ethical, economic and environmental factors that interconnect societal development with the nature of technology. FDN115 will provide students with an understanding of these important issues. Topics: histories of western culture and sciences, the nature of democracy, life cycle analysis and sustainability, political structures, cities, reproductive technologies, privacy, medicine, design and innovation.

FDN150 Reinventing Australia
Murdoch: Semester 2-internal, Semester 2-external

As Australia is in some sense being 'reinvented' by globalisation, new technology and other forces for change, we consider just what 'Australia' is and possibilities for shaping its future. Topics: contemporary issues such as the environment, Aboriginal rights, the family and citizenship. Our aim is to identify and understand some of the salient features of Australian society.

Appendix G - Enrolment queries

Enrolment advice will be provided at the Course Advice Sessions being offered in the Orientation Week. If you have attended one of these Course Advice Sessions and still have queries regarding your enrolment, please contact Tania Thornton (Education and Humanities Building Room 2.002, T.Thornton@murdoch.edu.au). Tania is the Division of Arts Student Administrative Officer who looks after all students enrolled in courses offered by the Institute for Sustainability and Technology Policy.

Email message are preferred especially during busy times when Tania may be attending other student queries.

The New Student website (http://www.murdoch.edu.au/students/new/) will also assist you with links to enrolment procedures, sample enrolments, including unit selection for common double majors, Fees, Orientation and Services and Facilities.
