Enrolment queries
School of Psychology

Enrolment advice will be provided at the Course Advice Sessions being offered in the Orientation Week. If you have attended one of these Course Advice Sessions and still have queries regarding your enrolment please contact Jill Foster.

Jill is the Division of Health Science’s Student Administrative Officer who looks after all students enrolled in postgraduate courses offered by the School of Psychology.

Email messages are preferred especially during busy times when Jill may be attending to other student queries.

Jill Foster

Information supplied in the booklet is correct as at 01/12/2006
Welcome to Murdoch University!

Congratulations on your offer of a place at Murdoch University. The details included in this booklet will assist you with accepting your offer, seeking advice on your options of enrolment, choosing your units and completing all of your enrolment selection online. Tick [√] the steps below as you complete them, to ensure you complete all parts of your enrolment successfully.

If you do not have ready access to computer facilities either at home, work, your local library etc. the University has many computers available on-campus for students. For further details contact the IT Helpdesk on 9360 2000 or refer http://www.murdoch.edu.au/studentit/labs.html.

External students who are unable to access computer facilities due to extenuating circumstances are able to apply to receive their University correspondence via hardcopy. A copy of the Application letter is included in your External Enrolment Pack. For further information please contact the External Studies Office on 9360 2710.

STEP 1 Accept your offer and activate your Murdoch account

Go to the Murdoch Home page (http://www.murdoch.edu.au/) and follow the links to the New Students website. You will need your Offer Letter (Domestic students) or Confirmation of Enrolment- eCOE (International students) handy as this contains your Student Number. From here you can;

Choose to Accept, Defer or Reject your offer (domestic students only);
Set your Murdoch Password
Set and confirm your email address
Select your course as offered.

Important Point  Email Account

*The University’s preferred form of correspondence to all students is via email.*

The University automatically provides you with an email address, of the format yourstudentnumber@student.murdoch.edu.au. You can access your Murdoch email account with webmail (available on any browser) at: https://www.student.murdoch.edu.au/mail using your Murdoch User name (Student Number) and Murdoch Password (same as MyInfo).

It is essential that the University has your updated email preference so that you receive important communications from your lecturers and University Administrators.

External students that are unable to access computer facilities due to extenuating circumstances are able to apply to receive their University correspondence via hardcopy. A copy of this application letter is included in your Enrolment Pack. For further information please contact the External Studies office on 9360 2710.
**STEP 2** Research your Course, Unit Sets and Units

Review your course description and structure (Appendix A).

Review your Timetable.

Once you have decided which units you will take in 2007 and before you enrol you are encouraged to check that the units you have chosen are not timetabled to run at the same time. Generally you should find that the lectures for the units you are required to take will not clash, however some elective units may not fit into your timetable. The quickest method of checking is to refer to the online teaching timetable’s nominated units website [http://www.murdoch.edu.au/admin/timetables/teaching/enquiry.html](http://www.murdoch.edu.au/admin/timetables/teaching/enquiry.html)

Here you can type in your 3 or 4 units for the semester and your lecture and tutorial timetable will be automatically generated. You will be able to print this out for your own records!

You may also need to consider whether you can attend campus for all units (internal option) or whether it would be better if you could take one or two units in the External option. The learning objectives of any unit are identical irrespective of whether you are studying the unit internally or externally. The External option is not available in all units, however you may have a choice within your course. Please note: Under visa requirements International students are not permitted to take external units.

**Record your Personal Study Plan (Appendix B)**

**STEP 3** Unit Enrolment Online

The University’s student self enrolment and management system is known as MyInfo ([http://myinfo.murdoch.edu.au/](http://myinfo.murdoch.edu.au/)). Within Myinfo you can manage your enrolment in your course including unit selection, unit set enrolment and tutorial signup, as well as update your personal details (home and postal addresses, email address).

Log into MyInfo

Log into Myinfo at [http://myinfo.murdoch.edu.au/](http://myinfo.murdoch.edu.au/) by using your Murdoch User Name (Student Number) and Murdoch Password (as per Step 1).

Check Personal Details

Click on the Personal Details menu item and then Change Address(es). You should check that this information is up to date and make any changes as necessary.

Enrol in Units for 2007

Click on the **Change Enrolment Details** menu item and then Self Enrolment Steps. Read all of the information on this page and then scroll down to the Self Enrolment Steps heading.

Starting with the Disclaimer work your way through each of the steps. Each step has an explanation to the process so please read each one carefully.

- Disclaimer – Statement concerning your use of MyInfo and adherence to the University’s legislation.
- Services – Your opportunity to join the Student Guild as a financial member
and access their many services and facilities.

- Course Completion Date – Keeping the university informed when you are likely to graduate.

- Unit Sets – Your method of adding or amending unit sets (Graduate Specialisations). You will need to have at least one Unit set recorded as your Primary one. Some courses will already have a pre-populated Unit Set others will require you to select one before you can select your Units.

- Units – This is where you add your new units. Use the Search function to find the unit you want. You can also just type in the first 3 alpha characters to list all of the units with that prefix. It is essential that you Save Changes when you have selected the unit(s) that you want added.

- Commonwealth Assistance Form (Domestic Students only) – This is a Commonwealth Government requirement. To complete this you will need your TAX FILE NUMBER (TFN). If you do not have TFN handy you can come back to this step later however this step must be completed by the Census date to avoid having your course cancelled as per Commonwealth Government regulations.

Once you have returned to the Self Enrolment Steps main page all items that you have successfully completed will be flagged with either a 'Green Tick', which means that you do not have to come back to these, or a 'Circular Arrow' which means that you have successfully completed this item but can come back and make changes at a later date as well.

**STEP 4 Statement of Enrolment**

When you have enrolled in all units that you intend to take in 2007 you are encouraged to view your latest Statement of Enrolment from the Current Enrolment Details menu item in MyInfo. You will need to check that all the units that you intend to take are included, and show as ENROLLED!

Print out a copy of your Statement of Enrolment

**Important Point**  Enrolment Deadlines

You will be expected to enrol in all your units for both Semester 1, 2007 and Semester 2, 2007 as soon as possible. The last date to add an internally offered unit to your enrolment is the end of Week 1 of Semester; and the last date to add an externally offered unit, or to change from an internal offering to an external offering, is earlier to allow time for mail out of materials. You would need to enrol in an external offering no later than the end of Orientation week however please check Dates and Deadlines online for exact dates - [http://www.oss.murdoch.edu.au/enrolment/deadlines.html](http://www.oss.murdoch.edu.au/enrolment/deadlines.html).

**STEP 5 Attend your Course Advice session(s)**

If you are unsure about your choice of units or have specific course related questions that you need answered, you should attend the Course Advice Session for Postgraduate Students during Orientation Week (Week of 12th February).

At these sessions the Program Chair(s) will be available to advise students on the requirements of the degree and answer any unit selection and enrolment queries that may arise. The Orientation and Course advice session timetable will be available at [http://www.oss.murdoch.edu.au/orientation/](http://www.oss.murdoch.edu.au/orientation/) from Monday 11 December 2006.

If you have read through this booklet AND attended a Course Advice Session but still have a query or concern with your enrolment, your Divisional Student Administrative
staff will be able to assist you. You are encouraged to “have a go” by yourself and then either telephone or email your Divisional student administrative staff member (refer to the front cover of this booklet for the contact detail) with the specific concern, and they will look after you! However, please be aware that this assistance may be limited during the busy course advice session times, during Orientation Week and also Week 1 of semester.

Don’t panic if you are unsure of your choice of units. Do the best you can, and then seek advice either at your Course Advice Session, from the resources available on the Divisional Student Administration websites:-

- Arts = http://www.arts.murdoch.edu.au/students/ ;
- Health Sciences = http://www.murdoch.edu.au/dirs/adminassist.html#health
- Science and Engineering = http://www.murdoch.edu.au/dirs/adminassist.html#scieng

or by contacting your Divisional Student Administrative staff member as listed at the front of this booklet.

**STEP 6 Student ID/Library Card and Parking Permit**

Get your Murdoch Student ID/Library Card, from the IT Service Desk in the Library (this can be done at any time or during Orientation Week) or, if you are an external student living more than 30 aerial kms from the South Street campus, contact Janice Pell (J.Pell@murdoch.edu.au or telephone 08 9360 2154) to request a Student ID/Library card application form or see URL: http://wwwlib.murdoch.edu.au/for/external/forms/idlibrarycard.doc.

Purchase your Parking Permit. If you wish to drive to Uni and park your car on campus you will require a Murdoch parking permit or a valid ACROD sticker (for Easy Access bays only). Murdoch campus students will need to purchase a parking permit at either the Student Service Centre, Level 2 Chancellery Building, or by avoiding any queues and applying online at http://www.oss.murdoch.edu.au/parking/. The online facility will be open from 1st February 2007. Parking is free of charge on campus at the weekends and between the hours of 4:15pm and 8:00am Monday to Friday (including public holidays) in any Red, Green & Visitors ticket parking area. Permits are required for all Reserved, Disabled, Service Bays and Loading Zones.

Parking at the Murdoch campus in the Green zones will be also be free up until 28th February 2007, whilst you settle in to the University. After this date you will need a permit (Students at the Rockingham and Peel campuses will be required to apply for a 2007 permit, however there will be no charge for 2007. You can apply via the Rockingham and Peel administration offices.)

**STEP 7 Lectures, Tutorials, Labs and Workshop Enrolment - Activities**

From 2007 Murdoch, Rockingham and Peel students will be able to enrol in Lectures, Tutorials, Labs and Workshops online via MyInfo (http://myinfo.murdoch.edu.au/).

Enrol in your activities for 2007

This system will be available in mid January 2007.

Click on the Change Enrolment Details menu item and then Activity Enrolment. Read all of the information on this page and then scroll down to see your Unit enrolments and the available activities.
You will need to have completed your Unit Enrolment (See Step 3 above) before you can enrol in any associated lecture, tutorial, lab or workshop. If your unit attempt status is INVALID, you will not be able to select activities for that unit. Lecture activity enrolment is not mandatory, however it is highly recommended in order to avoid clashes on your timetable.

This system works on a first-in-first-served basis so you are advised to enrol in your activities as soon as possible.

**STEP 8 Attend Orientation (Week of 12th February)**

The Orientation program has been designed to meet your specific needs as a new student to Murdoch, to introduce you to key Murdoch University staff and the campus and facilities you will require. You can check the full orientation timetable at [http://www.oss.murdoch.edu.au/orientation/](http://www.oss.murdoch.edu.au/orientation/) for activities and Course Advice session details.

All students are strongly encouraged to attend Orientation. We've planned a number of activities that will give you lots of opportunity to experience the helpful and friendly atmosphere at Murdoch. During Orientation Week you will be able to;

- Meet other students in your same course. Never undervalue the benefits from having friends in your same course.
- Attend a Course Advice Session for information about your enrolment
- Go on Campus and Library tours.
- Attend information sessions about Student Support services. A wide range of services are available through our Teaching and Learning Centre and Equity, Health and Counselling. Make sure that you are aware of these BEFORE you ever need them.
- Have an introduction to the Student Guild and their services
- Be able to join one of the many Murdoch Clubs & Societies
- Purchase a parking permit.

**Important Point  Start of Lectures**

<table>
<thead>
<tr>
<th>Semester 1, 2007 begins Monday 19th February and all students enrolled in INTERNAL units are expected to attend their first lecture during this week. All relevant assessment and tutorial information for will be provided at the first lecture. If you enrolled in a unit in the external option before the end of Orientation Week, your unit materials will be mailed to your home address before the end of Week 1.</th>
</tr>
</thead>
</table>
Dictionary of Murdoch Enrolment Terms

Outlined below is a general summary of Murdoch enrolment information to help you with some of the more common terms that you will come across as you plan your studies. A full list of Murdoch terminology and relevant regulation requirements can be found in the Murdoch Glossary (http://handbook.murdoch.edu.au/geninfo/vocabulary.html).

<table>
<thead>
<tr>
<th>Booklists</th>
<th>Booklists are available online at <a href="https://www.murdoch.edu.au/ofm/services/bookshop/booklist.edu">https://www.murdoch.edu.au/ofm/services/bookshop/booklist.edu</a> and books can either be ordered online or direct from the Bookshop located on Bush Court at the Murdoch Campus and on the ground floor of the Arts and Commerce building at the Rockingham campus.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Core Units</td>
<td>You will need to ensure that you take the Core units for the course that you have decided to complete.</td>
</tr>
<tr>
<td>Course description, Course checklist and Course structure</td>
<td>At the end of this booklet (appendices) you will find specific information to help you plan your enrolment, find which units you need to take and which pre-requisites are required. For full details of other courses refer to the 2007 Murdoch Handbook (<a href="http://handbook.murdoch.edu.au/">http://handbook.murdoch.edu.au/</a>), your Divisional Student Administrative office or the New Student website (<a href="http://www.murdoch.edu.au/students/new/">http://www.murdoch.edu.au/students/new/</a>). Hard copies of the Handbook are also available in your local library, in the Murdoch University library or can be purchased from the Bookshop.</td>
</tr>
<tr>
<td>Course or Degree</td>
<td>Murdoch uses the terms ‘course’ and ‘degree’ to identify the qualification that you will be studying towards.</td>
</tr>
<tr>
<td>Credit – Advanced Standing – Accreditation.</td>
<td>If you have studied at a University or TAFE before coming to Murdoch University you may be eligible for credit. Credit will mean that the amount of time and units that you need to study at Murdoch could be reduced. The University has two Accreditation Officers, one for domestic students and one for International students. The Accreditation Officers will need to see your past results to assess how much credit you can have. <a href="http://www.choose.murdoch.edu.au/advst.html">http://www.choose.murdoch.edu.au/advst.html</a></td>
</tr>
<tr>
<td>Exemptions</td>
<td>If the study that you completed before coming to Murdoch University was the same or similar to Murdoch’s requirements for your course/degree, you may be granted both credit (points) and exemption for some units. This will mean that you do not have to take those units again. The Accreditation Officer will assess your previous study record for Exemptions and advise you in writing as to the outcome.</td>
</tr>
<tr>
<td>Full time study/Part time study</td>
<td>Full time study at Murdoch is considered to be at least 12 points per semester. International students are required to be enrolled in a full time load every semester as per visa requirements. Part time study refers to the points load, of less than 12 points each semester, and does not mean that you can take units &quot;After Hours&quot;. The minimum study that you must take to retain your place at Murdoch University, is a single unit in the academic year.</td>
</tr>
<tr>
<td>Intermission</td>
<td>If you require a break in studies of one year or more due to serious illness or other exceptional personal circumstances which might prohibit you from continuing your enrolment you can apply for an INTERMISSION of study (<a href="http://www.oss.murdoch.edu.au/forms/">http://www.oss.murdoch.edu.au/forms/</a>). This may include but is not limited to, personal/family reasons, employment, sporting, cultural, legal or military duties. International Students MUST obtain permission from Murdoch International before applying for intermission of enrolment, as the Department of Immigration does not allow international students to intermit their studies except in exceptional circumstances. Intermission of Enrolment may result in cancellation of the student visa.</td>
</tr>
</tbody>
</table>
### Internal and External
Murdoch offers most units as Internal (D) where students are expected to attend lectures and tutorials on campus. Some units are offered as External (X), where students would be mailed out the unit materials and would be expected to study at home, and submit all assignments through email or mail. The main challenge of external study will be your ability to commit yourself to a regular timetable of study over the semester. This will require a fair degree of self discipline and in some cases an understanding and supportive network of family and friends. For further information about studying in the external mode see [http://external.murdoch.edu.au/offcampus.html](http://external.murdoch.edu.au/offcampus.html). The closing date for enrolment in external units is earlier than the deadline for enrolment in internal units, to allow time for the materials to reach you before the end of Week 1 of Semester. International students are only permitted to take internal offerings of units, as per visa requirements.

### Lecture, Workshops, Tutorials
The teaching method for most internal units is by Lecture where all students attend, as well as smaller tutorial groups of approximately 15 or workshop groups of approximately 30. Some units may have a single Lecture per week however many units have 2 or 3 lectures per week. A guide as to how many hours you will be required to attend on campus can be found in the Handbook entry for each unit. The online Teaching Timetable shows the Lecture, Laboratory and Workshop times. You will be required to signup for your tutorials as part of your online enrolment. Many tutorials commence in Week 2, and this information is provided at the first lecture.

### Overload
In certain circumstances a student may wish to exceed the normal fulltime load. Enrolment in more than 14 points per semester requires permission of the Program Chair. Application forms are available from your Divisional Student Administration Office web site: Arts ([http://www.arts.murdoch.edu.au/students/forms.html](http://www.arts.murdoch.edu.au/students/forms.html)) Health Sciences = [http://www.murdoch.edu.au/dirs/adminassist.html#health](http://www.murdoch.edu.au/dirs/adminassist.html#health) Science and Engineering = [http://www.murdoch.edu.au/dirs/adminassist.html#scieng](http://www.murdoch.edu.au/dirs/adminassist.html#scieng)

### Points
There are 48 points required as the minimum to complete the Master degrees, 24 pts required for the Postgraduate Diploma and 12 pts required for the Postgraduate Certificate.

### Preclusion
A student may be granted exemptions on the basis of equivalent studies taken before coming to Murdoch, which are not eligible for credit or, in the case of language units, on the basis of language or other relevant proficiency. Such exemptions without credit are called PRECLUSIONS. Where a Preclusion has been awarded the student would not need to complete the precluded unit, however they WILL be required to replace the number of points of preclusion with other general elective Murdoch points.

### Prerequisite Unit(s)
This is a requirement which a student must have met in order to be allowed to enrol in a unit. Some units assume a level of understanding before you start the unit. For example, it is expected that you will have an understanding of JOU441 News Reporting and Writing before taking the higher level unit JOU442 News Editing and Production. Therefore JOU441 is the PREREQUISITE unit to JOU442.

### Program Chair
This is the academic staff member who looks after you while you are studying. The names and contact details of some Program Chairs are listed at the back of this booklet or the full list can be found online at [http://www.murdoch.edu.au/contacts/academic/](http://www.murdoch.edu.au/contacts/academic/)

### Specified Electives
Some courses may give you a choice of units from a defined list, and these are called Specified Electives. Please note that you do not need to take all of the Specified Electives, only sufficient to meet the requirements of the course.
| **Teaching Timetable** | Before enrolling you should check that the units you have chosen are not timetabled to run at the same time. You can find Murdoch’s online timetable at [http://www.murdoch.edu.au/admin/timetables/teaching/enquiry.html](http://www.murdoch.edu.au/admin/timetables/teaching/enquiry.html). On this timetable you will find your lectures, workshop and tutorial times. Please note that there is a R(Repeat) against certain lectures/workshops/laboratories in the timetable. This is a repeat and you should attend at the time that fits best into your timetable. If there is no R against the time then you are expected to attend every session indicated. |
| **Unit Co-ordinator and Tutor** | An academic staff member is usually the main lecturer of each unit, and is called the Unit Co-ordinator. When you attend the smaller tutorial group you may also be assigned a Tutor. The tutor or the Unit Co-ordinator are the people who you can go to if you have any queries about the individual unit. The names of the Unit co-ordinators are available on each Unit Welcome Page on the Murdoch website ([http://www.murdoch.edu.au/index/units](http://www.murdoch.edu.au/index/units)). |
| **Units** | This is the name given to each individual package of study, for example PSY434 Psychology: Industrial and Organisational Issues is a unit. |
| **Unit Set** | Murdoch’s online enrolment system refers to Unit Sets as being the name of the course and specializations (if applicable) that you are intending to complete during your course. |

**Description**

The Graduate Certificate is relevant to those wishing to apply knowledge of organisational psychology in business, industrial and other organisational contexts. It is particularly appropriate as a second discipline area for graduates in Commerce, Law, Education, Sociology, and Environmental or Biological Science who intend working in an area requiring knowledge of: Job Assessment Methods, Performance Appraisal, Staffing, Human Resource Development, Training, Safety, Rehabilitation, Retirement, Retrenchment, Management of Change and Organisational Decision Making.

Although enrolment is open to graduates in any discipline, candidates should possess a functional understanding of statistics and research methods. Candidates holding a four-year psychology degree and who intend to pursue a career as a Registered Psychologists should normally enrol for the Master of Applied Psychology. However, those four-year psychology graduates who complete the Certificate, and who subsequently enrol in the Masters course will be given credit for relevant units completed. (Note that students without a four-year degree in Psychology are not eligible for admission to the Master of Applied Psychology).

The Graduate Certificate requires the completion of three core units and an elective unit. Although a number of electives are available, students are encouraged to consider completing an Independent Study Contract or the Structured Workplace Learning unit. Both of these options offer the student the opportunity to apply and develop their learning in practical work environment.

**Employment Prospects**

This Certificate is available to graduates of any discipline, including psychology, who do not intend to pursue a career as a Registered Psychologist but who intend to work in an area where knowledge of organisational psychology will be of benefit. Psychology students who intend to pursue a career as a Registered Psychologist are advised to complete the organisational specialisation within the Master of Applied Psychology degree (MAppPsych). The core units completed in the Graduate Certificate can be used as credit towards the MAppPsych for students transferring to this course.

**Articulation**

Units completed in the Graduate Certificate in Organisational Human Resources and Safety may be used as advanced standing toward the Postgraduate Diploma in Consultancy Psychology or the Master of Applied Psychology (Organisational).

</tr>
<tr>
<td><strong>Description</strong></td>
<td>The Postgraduate Diploma in Psychology provides a fourth-year of study in Psychology for graduates who already have completed a three-year undergraduate degree in Psychology. The Diploma thus assists people who wish to meet the minimum educational qualifications requirements for registration to work as a psychologist. Students in the Diploma must complete coursework at an advanced level as well as a group-based research project written up as a thesis. A practical placement is also offered as an elective in this course.</td>
</tr>
<tr>
<td><strong>Employment Prospects</strong></td>
<td>Students who complete this Diploma will have satisfied the minimum educational requirements for registration to work as a psychologist in Western Australia (provided that their undergraduate degree is from an accredited psychology program), and will also be eligible to apply for entry into relevant Master courses in applied psychology. Graduates will be able to work in many areas of psychology and the helping professions.</td>
</tr>
<tr>
<td><strong>Professional Recognition</strong></td>
<td>The course is fully accredited by the Australian Psychology Accreditation Council, and is recognised as such by the Australian Psychological Society and the Western Australian Psychologists' Registration Board.</td>

Title | Master of Applied Psychology
Division | Health Sciences
School/Responsible Organisational Unit | School of Psychology
Qualifications | Master of Applied Psychology (MAppPsych) in Clinical Psychology  
Master of Applied Psychology (MAppPsych) in Organisational Psychology
Credit Points for Course | 48
Course Codes | M1025
Availability | Murdoch campus (internal)
Duration | 2 years full-time or part-time equivalent
Description | This professionally-accredited course adheres to a scientist-practitioner model which stresses a systematic problem-solving approach. Its objective is to prepare psychologists who are skilled in individual casework and can apply their skills and knowledge to prevention, research, development, and evaluation at the individual, organisational and system levels.

The course consists of two years of full-time study or may be undertaken on a part-time basis over not more than eight years. There are two specialisations available: Clinical and Organisational. Candidates will cover core and optional aspects in their course, which will qualify them in one of the specialisations as clinical or organisational psychologists at Master's degree level.

Candidates undertake at least three approved placements. Choice of placements will correspond to specialisation undertaken. The University cooperates with the Commonwealth and State Public Services, such as the Department of Health, Department of Consumer and Employment Protection, Department for Community Development, Department of Justice, Education Department of Western Australia, Disability Services Commission, WA Police Service and other public and private services and facilities in Western Australia. Experience in other community psychological areas such as rehabilitation and social service is also available. In order to fulfill the requirements of the Clinical Psychology specialisation, candidates must include at least one placement in an adult clinical facility, one in a child clinical facility, and one in a rehabilitation facility; two of these placements must be external to the University. In order to fulfill the requirements of the Organisational Psychology specialisation, candidates must include at least three approved external placements in Organisational Psychology and at least one other appropriate placement. Candidates must satisfy the requirements of one of the specialisations.

Special Requirements | As many agencies require all staff working with their clients or patients to have a police clearance, applicants are required to obtain a Federal police clearance (which will include WA clearance). In addition, if working with children a separate screening by the Department of Community Development is required. Clearly any agency will only be seeking information about behaviours that may place vulnerable clients at risk and will not be interested in any other type of behaviours. The applicant meets the cost of these clearances. Please note that some organisations providing professional placements require students to provide full immunisation records. Applicants must be in a position to
provide these records if required.

**Employment Prospects**  
Job prospects for psychologists are very good; employment growth is expected to be strong following recent government initiatives. On graduation from this course, students will be highly employable in a wide variety of areas, including private practice as a registered psychologist, and working in various public and private sector agencies in areas such as health, community development, justice, education, and disabilities.

**Professional Recognition**  
This course is fully accredited by the Australian Psychology Accreditation Council, and is recognised as such by the Australian Psychological Society and the Western Australian Psychologists' Registration Board.

**Main Research Areas**

**Articulation**  
Relevant units completed in the Graduate Certificate in Organisational Human Resources and Safety or the Postgraduate Diploma in Consultancy Psychology may be used as advanced standing toward the Master of Applied Psychology (Organisational Psychology).

**Admission to Doctor of Psychology**  
Students who complete the first year of the Master of Applied Psychology may apply to transfer to the Doctor of Psychology and will be exempt from the units already completed which are common to both degrees.

**Other Facilities and Services**  
Murdoch University has a Psychology Clinic, the Counselling Psychology Consulting Service and the Organisational Psychology Consulting Service to act as practical training facilities and community services.

| **Description** | This course is offered to students wishing to combine professional training at Master's level in Clinical or Organisational Psychology with compatible research at the PhD level. It combines a thorough professional training in the chosen area of specialisation with the high level of research training associated with doctoral-level research.  

In the first year, students complete all the coursework and most of the practicum requirements of the Master of Applied Psychology course. In the remaining years, students complete their PhD research and the remaining practicum requirements.  

There are two specialisations available: clinical psychology and organisational psychology. Coursework is selected and placements organised according to the area of specialisation. It is a requirement that the topic of the PhD must relate to the area of specialisation.  

This course adheres to a scientist-practitioner model that stresses a systematic problem-solving approach. Its objective is to prepare psychologists who are skilled in individual casework and can apply their skills and knowledge to prevention, research, development, and evaluation at the individual, organisational, community and system levels. It is a professional qualification in Applied Psychology leading to employment in the health, educational, occupational, ergonomic and community areas, which meets international standards. The course also develops students to be expert researchers in their chosen area of expertise. |

| Description | The Doctor of Psychology is an intensive three-year professional research degree consisting of seminars, supervised practical work and applied research.  

The first year of study is the same as Year 1 of the Master of Applied Psychology (MAppPsych). Students who complete the first year with marks of distinction may apply for transfer to the DPsych. The specific purpose of the DPsych is to enable students to undertake applied Doctoral-level research on a topic of their choice which will make a distinct contribution to the profession whilst gaining skills in applied psychology to meet registration requirements, and to pursue specialised study in a professional area of their choice.  

All of the teaching staff are practising Applied Psychologists. Murdoch University has the Psychology Clinic, the Counselling Psychology Consulting Service and the Organisational Psychology Consulting Service to act as practical training facilities and community services. In addition, the University cooperates with Commonwealth and State Public Service Ministries and Departments such as Department for Community Development, Justice, Employment, Health, Safety and Welfare, Education, the Disability Services Commission and other public and private services and facilities in Western Australia.  

There are two specialisations available within the degree: Clinical and Organisational Psychology. In the first year, candidates will select units and practical placements appropriate to partial completion of one specialisation to be approved by the School Committee. |
| Special Requirements | As many agencies require all staff working with their clients or patients to have a police clearance, students are required to obtain a Federal police clearance (which will include WA clearance) if accepted into the course. Clearly any agency will only be seeking information about behaviours that may place vulnerable clients at risk and will not be interested in any other type of behaviours. The student meets the cost of this clearance. Please note that some organisations providing professional placements require students to provide full immunisation records. Applicants must be in a position to provide these documents if required. |
| Professional Recognition | Australian Psychological Society accreditation, and approval by the relevant Colleges of the Society. |
Appendix B – Checklist of Units and Prerequisites

Graduate Certificate in Organisational Human Resources and Safety

School of Psychology

Graduate Certificate in Organisational Human Resources and Safety (GradCertOHRS)

Course Structure — 12 points

Core Units — 9 points

- PSY568 Human Resources — 3 pts
  Murdoch: S1-internal
- PSY512 Work and Well-being — 3 pts
  Murdoch: S2-internal
- PSY552 Organisation of Work — 3 pts
  Murdoch: S2-internal

Specified Electives — 3 points

Select from the following:

- WKP460 Structured Workplace Learning — Human Resources and Safety — 3 pts
  Murdoch: S1-internal, S2-internal
- MBS507 Marketing Management — 4 pts
  Murdoch: T1-internal, T1-external
  Rockingham: T3-internal
- EDU445 Adult Learning in Education and Work — 4 pts
  Murdoch: S2-external
- EDU437 Program Evaluation — 4 pts
  Murdoch: S1-internal
- PSY315 Psychology: Advanced Qualitative Research Methods — 4 pts
  Murdoch: S2-internal
- PSY415 Psychology: Drugs and Dependence — 4 pts
  Murdoch: S1-internal
- EDU446 Cultural Diversity in Learning and Working — 4 pts
  Murdoch: S1-external
- PSY434 Psychology: Industrial and Organisational Issues — 4 pts
  Murdoch: S1-internal

Independent Study Contract — 4 pts

Other electives may be substituted with permission from the Program Chair

PREREQUISITES

EDU445 Adult Learning in Education and Work
Nil.

EDU446 Cultural Diversity in Learning and Working
Nil.

PSY568 Human Resources
Enrolment in GradCertOHRS or PgDipConsultPsych or MAppPsych or DPsysch or MAppPsych/PhD, or for other Masters students with the permission of the Unit Coordinator.

MBS507 Marketing Management
Enrolment in a postgraduate-level course.

PSY552 Organisation of Work
Enrolment in GradCertOHRS or PgDipConsultPsych or MAppPsych or DPsysch or MAppPsych/PhD, or with the permission of the Program Chair.

EDU437 Program Evaluation
Enrolment in a Masters, Postgraduate Certificate or Postgraduate Diploma, or permission of the Unit Coordinator.

PSY315 Psychology: Advanced Qualitative Research Methods

PSY173 Introduction to Psychological Research Methods or PSY211 Psychological Methods I AND PSY212 Psychology: Measurement, Design & Analysis.

PSY415 Psychology: Drugs and Dependence
as for PSY215:
S141/PSY141 Introduction to Psychological Science or PSY171 Introduction to Applications of Psychology or PSY173 Introduction to Psychological Research Methods.

PSY434 Psychology: Industrial and Organisational Issues
Nil

WKP460 Structured Workplace Learning — Human Resources and Safety
Enrolment in the GradCert OHRS or PgDipConsultPsych. Candidates must have been made an offer of a placement prior to enrolling in this unit.

PS Y512 Work and Well-being
Enrolment in GradCertOHRS or PgDipConsultPsych or MAppPsych or DPsysch or MAppPsych/PhD, or for other Masters students with the permission of the Unit Coordinator.
Postgraduate Diploma in Consultancy Psychology

School of Psychology

Postgraduate Diploma in Consultancy Psychology (PgDipConsultPsych)

Course Structure — 24 points

Core Units — 12 points

PREREQUISITES

MBS513 Accounting for Managers
Enrolment in a postgraduate-level course.

MBS506 Business Finance
Nil. It is recommended that students complete MBS513 Accounting for Managers before attempting this unit.

PSY524 Counselling: Working with Organisations
Enrolment in GradCertCounsel or GradDipCounsel or MConsultCounsel, or PGDipConsultPsych or MAPsych or MAPsych/PhD, or permission of the Unit Coordinator.

PSY568 Human Resources
Enrolment in GradCertOHRS or PGDipConsultPsych or MAPsych or DPsych or MAPsych/PhD, or for other Masters students with the permission of the Unit Coordinator.

PSY405 Principles of Counselling 1
Enrolment in GradCertCounsel or GradDipCounsel or MConsultCounsel or permission of the Program Chair.

PSY439 Principles of Counselling 2
Completion of PSY405 Principles of Counselling 1.

PSY563 Professional Practice and Organisational Consulting
Enrolment in GradCertOHRS or PGDipConsultPsych or MAPsych or DPsych or MAPsych/PhD, or for other Masters students with the permission of the Unit Coordinator.

EDU437 Program Evaluation
Enrolment in a Masters, Postgraduate Certificate or Postgraduate Diploma, or permission of the Unit Coordinator.

WKP460 Structured Workplace Learning — Human Resources and Safety
Enrolment in the GradCert OHRS or PGDipConsultPsych. Candidates must have been made an offer of a placement prior to enrolling in this unit.

PSY512 Work and Well-being
Enrolment in GradCertOHRS or PGDipConsultPsych or MAPsych or DPsych or MAPsych/PhD, or for other Masters students with the permission of the Unit Coordinator.
Course Structure — 24 points

Core Unit — 12 points
- PSY441 Psychology Project (BPsych) — 8 pts
  Murdoch: Y-internal
- PSY412 Psychology: Fourth Year Seminar — 4 pts
  Murdoch: S1-internal

Specified Electives — 12 points
Select from the following:
- PSY431 Psychology: Principles of Psychological Assessment — 4 pts
  Murdoch: S2-internal
- PSY433 Psychology: Program Evaluation Methods — 4 pts
  Murdoch: S1-internal
- PSY434 Psychology: Industrial and Organisational Issues — 4 pts
  Murdoch: S1-internal
- PSY436 Psychology: Principles and Processes of Interventions — 4 pts
  Murdoch: S2-internal

PREREQUISITES
- PSY412 Psychology: Fourth Year Seminar
- PSY141 Introduction to Psychological Science or PSY171 Introduction to Applications of Psychology and either PSY212 Psychology; Measurement, Design and Analysis or PSY211 Psychological Methods 1. Or enrolment in the Postgraduate Diploma in Psychology.
- PSY434 Psychology: Industrial and Organisational Issues
  Nil
- PSY436 Psychology: Principles and Processes of Interventions
  R213/PSY213 Psychology: Abnormal Behaviour or enrolment in BA Psych Honours or PGDip in Psychology.
- PSY431 Psychology: Principles of Psychological Assessment
  PSY311 Advanced Quantitative Research Methods or PSY315 Advanced Qualitative Research methods. Or enrolment in BA Psych Honours or Postgraduate Diploma in Psychology.
- PSY433 Psychology: Program Evaluation Methods
  R212/PSY212 Measurement, Design and Analysis or enrolment in BA Psych Honours or Postgraduate Diploma in Psychology.
- PSY441 Psychology Project (BPsych)
  Enrolment in the fourth year of the BPsych, or by permission of the Program Chair.
  Students enrolling in this unit from 2003 must have completed five hours of time as a participant in psychological research, or have completed an essay on psychological research to the satisfaction of the Unit Coordinator.
## CLINICAL PSYCHOLOGY SPECIALISATION

### Course Structure — 48 points

### First Year — 24 points

Murdoch: S2-internal

Students may choose other electives subject to approval of the Program Chair.

Second Year — 24 points

Core Units — 24 points

PSY500 Applied Psychology Dissertation — 12 pts
Murdoch: S1-internal, S2-internal, U-internal, Y-internal

PSY503 Organisational Psychology: Practicum II — 12 pts
Murdoch: S1-internal, S2-internal, U-internal, Y-internal

PREREQUISITES — MASTER OF APPLIED PSYCHOLOGY

EDU645 Adult Learning in Education and Work
For the 600-level unit, enrolment in a postgraduate course (e.g. Masters, Postgraduate Diploma, Postgraduate Certificate or the Doctor of Education).

PSY567 Clinical Psychology: Developmental Disabilities
Enrolment in MAppPsych, DPsych or MAppPsych/PhD.

PSY504 Clinical Psychology: External Practicum
Enrolment in the Clinical Stream of the Master of Applied Psychology or MAppPsych/PhD; successful completion of PSY561 Clinical Psychology: Internal Practicum.

PSY538 Clinical Psychology: Internal Practicum (Adult)
Enrolment in the Clinical Stream of the Master of Applied Psychology, Doctor of Psychology or MAppPsych/PhD degree.

PSY569 Psychotherapy in Practice or concurrent enrolment.

PSY537 Clinical Psychology: Internal Practicum (Child, Youth and family)
Enrolment in the Clinical Stream of the Master of Applied Psychology, Doctor of Psychology or MAppPsych/PhD degree.

PSY569 Psychotherapy in Practice or concurrent enrolment.

PSY565 Clinical Psychology: Working with Adults
Enrolment in MAppPsych, DPsych or MAppPsych/PhD.

PSY564 Clinical Psychology: Working with Children and Families
Enrolment in MAppPsych, DPsych or MAppPsych/PhD.

PSY502 Clinical Psychology: Working with Health Problems
Enrolment in MAppPsych, DPsych or MAppPsych/PhD.

PSY524 Counselling: Working with Organisations
Enrolment in GradCertCounsel or GradDipCounsel or MCounsel, or PgDipConsultPsych or MAppPsych or MAppPsych/PhD, or permission of the Unit Coordinator.

EDU646 Cultural Diversity in Learning and Working
For the 600-level unit, enrolment in a postgraduate course (e.g. Masters, Postgraduate Certificate, Postgraduate Diploma or doctoral course).

LAW421 Dispute Resolution

PSY568 Human Resources
Enrolment in GradCertOHRS or PgDipConsultPsych or MAppPsych or DPsych or MAppPsych/PhD, or for other Masters students with the permission of the Unit Coordinator.

MBS507 Marketing Management
Enrolment in a postgraduate-level course.
LAW407 Mediation
L260/LAW260 Contract, L258/LAW258
Australian Administrative Law, L259/LAW259
Constitutional Law and L252/LAW252
Evidence.

LAW408 Negotiation
L260/LAW260 Contract, L258/LAW258
Australian Administrative Law, L259/LAW259
Constitutional Law and L252/LAW252
Evidence.

PSY552 Organisation of Work
Enrolment in GradCertOHRS or
PgDipConsultPsych or MAppPsych or DPsych or MAppPsych/PhD, or with the permission of the Program Chair.

PSY570 Organisational Psychology: Practicum I
Enrolment in MAppPsych or DPsych
(Organisational Stream only) or MAppPsych/PhD.

PSY503 Organisational Psychology: Practicum II
Enrolment in MAppPsych (Organisational Stream only) or MAppPsych/PhD.

PSY405 Principles of Counselling 1
Enrolment in GradCertCounsel or GradDipCounsel or MCounsel or permission of the Program Chair.

PSY439 Principles of Counselling 2
Completion of PSY405 Principles of Counselling 1.

PSY563 Professional Practice and Organisational Consulting
Enrolment in GradCertOHRS or PgDipConsultPsych or MAppPsych or DPsych or MAppPsych/PhD, or for other Masters students with the permission of the Unit Coordinator.

EDU637 Program Evaluation
as for EDU437:
Enrolment in a Masters, Postgraduate Certificate or Postgraduate Diploma, or permission of the Unit Coordinator.

PSY562 Psychological Assessment Methods
Enrolment in MAppPsych, DPsych or MAppPsych/PhD.

PSY415 Psychology: Drugs and Dependence
as for PSY215:
S141/PSY141 Introduction to Psychological Science or PSY171 Introduction to Applications of Psychology or PSY173 Introduction to Psychological Research Methods.

PSY434 Psychology: Industrial and Organisational Issues
Nil

PSY569 Psychotherapy in Practice
Enrolment in MAppPsych or DPsych Clinical Stream or MAppPsych/PhD. Co-requisite:
PSY561 Clinical Psychology: Internal Practicum.

EDU634 Research Methods 1A
as for EDU434:
For the 600-level version of the Unit, enrolment in a postgraduate course (e.g. Masters, Postgraduate Diploma or Postgraduate Certificate or Doctorate) or permission of the Unit Coordinator.

PSY920 Research Studies — Psychology

PSY512 Work and Well-being
Enrolment in GradCertOHRS or PgDipConsultPsych or MAppPsych or DPsych or MAppPsych/PhD, or for other Masters students with the permission of the Unit Coordinator.
**Doctor of Psychology**

School of Psychology  
**Doctor of Psychology (DPsych) (subject to quota)**

Further information  

---

**CLINICAL PSYCHOLOGY SPECIALISATION**

**Course Structure — 72 points**

Candidates must normally complete successfully the following units to meet Registration and Specialist Entitlement requirements for Clinical Psychologists.

**Year 1 — 24 points**

**Core Units — 24 points**

- PSY562 Psychological Assessment Methods — 3 pts  
  Murdoch: Y-internal
- PSY537 Clinical Psychology: Internal Practicum (Child, Youth and family) — 3 pts  
  Murdoch: U-internal, Y-internal
- PSY538 Clinical Psychology: Internal Practicum (Adult) — 3 pts  
  Murdoch: U-internal, Y-internal
- PSY569 Psychotherapy in Practice — 3 pts  
  Murdoch: Y-internal
- PSY564 Clinical Psychology: Working with Children and Families — 3 pts  
  Murdoch: S1-internal
- PSY565 Clinical Psychology: Working with Adults — 3 pts  
  Murdoch: S1-internal
- PSY567 Clinical Psychology: Developmental Disabilities — 3 pts  
  Murdoch: S2-internal
- PSY502 Clinical Psychology: Working with Health Problems — 3 pts  
  Murdoch: S2-internal

**Year 2 — 24 points**

**Core Units — 24 points**

- PSY700-18 Doctor of Psychology Thesis — 18 pts  
  Murdoch: S1-internal, S2-internal, U-internal, Y-internal
- PSY704 Doctor of Psychology (Clinical): Practicum II — 6 pts  
  Murdoch: S1-internal, S2-internal, U-internal, Y-internal

Students who already have gained equivalent professional experience to PSY703 Doctor of Psychology (Clinical): Practicum I — 6 pts and/or PSY704 Doctor of Psychology (Clinical): Practicum II — 6 pts may be exempted from the units with the permission of the Unit Coordinator and the Program Chair, and instead may elect to take PSY500-level units in the course and/or an Independent Study Contract up to 9 points, where these contribute to the student’s professional development.

**Year 3 — 24 points**

**Core Units — 24 points**

- PSY700-18 Doctor of Psychology Thesis — 18 pts  
  Murdoch: S1-internal, S2-internal, U-internal, Y-internal
- PSY704 Doctor of Psychology (Clinical): Practicum II — 6 pts  
  Murdoch: S1-internal, S2-internal, U-internal, Y-internal

**ORGANISATIONAL PSYCHOLOGY SPECIALISATION**

**Course Structure — 72 points**

Candidates must normally complete successfully the following units to meet Registration and Specialist Entitlement requirements for Organisational Psychologists.

**Year 1 — 24 points**

**Core Units — 21 points**

- PSY562 Psychological Assessment Methods — 3 pts  
  Murdoch: Y-internal
- PSY570 Organisational Psychology: Practicum I — 6 pts  
  Murdoch: Y-internal
