Welcome to Murdoch University

Congratulations on your offer of a place to study at Murdoch University. The details included in this booklet will assist you with accepting your offer, seeking advice on your enrolment options, choosing your units and completing your enrolment online. The 7 Steps below ensure that you have the basic information you need to navigate successfully through your first enrolment experience at Murdoch.

Students who are unable to access computer facilities due to exceptional circumstances are able to apply to receive their University correspondence via hardcopy. For further information please contact the External Studies Unit on 93602710.

- STEP 1  Accept Offer and Activate Account
- STEP 2  Research Your Options
- STEP 3  Complete Your Enrolment
- STEP 4  Select Your Activities
- STEP 5  Get Advice
- STEP 6  Go To Orientation and Start Uni
- STEP 7  Important Information and FAQs
STEP 1

Accept Offer and Activate Account

☐ Go to the Murdoch Home page …
  … [http://www.murdoch.edu.au/](http://www.murdoch.edu.au/) and click on the “New students” link on the bottom left of your screen. This will take you to our New Students website.

☐ Select the Accept & Activate icon

☐ Read the instructions …
  … carefully for your offer type, then click on the “New students…walk this way” icon.
  
  You will need your Offer Letter (Domestic students) or Confirmation of Enrolment- eCOE (International students) as this contains your Student Number.

☐ Enter your Student Number

☐ Enter your Date of Birth …
  … in the format DD/MM/YYYY (eg 12/03/1985) and click the SUBMIT button.

☐ Now you can:
  ☐ Choose to Accept, Defer or Reject your offer (domestic students only)
  ☐ Set your Murdoch Password (all students)
  ☐ Set and confirm your email address (all students)
  ☐ Select your course as offered (domestic students only)

☐ Congratulations …
  … you have accepted your place as a Murdoch student and you are now ready to select your units and complete your enrolment!
STEP 2
Research Your Options

☐ Read your Course/Major Description (Appendix A)
   The description will provide you with information about your course and major, including recommended double majors and minors.

☐ Review your Checklist and Unit Prerequisites (Appendix B)
   The checklist is the structure of your course and the units you need to complete for your degree. It includes required prerequisites to help you plan the order of your units.

☐ Review the Sample Enrolments (Appendix C)
   The Sample Enrolment provides you with a pre-made study plan for your major. Some majors provide you with a choice of units in the requirements, so you may wish to create your own study plan.

☐ Choose your units …
   …you want to enrol in for the current year by using the information you have reviewed above from the checklist (Appendix B) and sample enrolment (Appendix C). You can find out about each unit in the Handbook online http://handbook.murdoch.edu.au/units/.

   Part I units (100-level units) are taken in the first year. Most of the Part I units are worth 3 points each, this means you will be taking 8 units in your first year, being 4 units each semester.

   Part II units (200-level and above units) are taken in the second or third year of study. Most Part II units are worth 4 points each, this means that you will be taking 6 Part II units in each of the 2nd and 3rd years, being 3 units each semester.

   General Electives are ‘free choice’ units. You can use these units to meet the requirements of a second major or a minor. Use the Handbook online (http://handbook.murdoch.edu.au/) to help you search for these and for individual unit prerequisites.

☐ Check your Timetable

Generally you should find that the lectures for your core units and specified elective units will not clash, however some general elective units may not fit into your timetable. If this happens you may need to choose another general elective.
You can check the timetable for the units you have chosen for your first semester of enrolment to make sure they are not timetabled to run at the same time.

The quickest method of checking this is to refer to the online teaching timetable’s Nominated Units Enquiry website at: 

Don’t panic if you are unsure of your choice of units. Do the best you can, and then seek help via:

☐ **New Student website** [http://www.murdoch.edu.au/students/new/](http://www.murdoch.edu.au/students/new/) provides more details regarding the choices of units and enrolment in units via MyInfo.

☐ Investigate your **Course Advice Session(s)** that will be held during Orientation Week where there will be staff available to answer your queries about your course. (see Step 5)

☐ **Faculty Student Administration staff member.** You have been allocated a staff member to assist you with your enrolment queries regarding your chosen course, for contact details see Appendix G. Sample enrolments of popular double majors can be found on the Faculty Student Administration website [https://www.murdoch.edu.au/fsa/](https://www.murdoch.edu.au/fsa/).

☐ **Now you are ready to enrol ...**
STEP 3
Complete Your Enrolment

☐ Log in to MyMurdoch ..
   … at http://www.murdoch.edu.au/goto/MyMurdoch to access your portal to Murdoch’s online facilities using your Murdoch User Name (Student Number) and Murdoch Password (as per Step 1).

☐ Click on MyInfo tab
   Log in to MyInfo using your Murdoch User Name (Student Number) and Murdoch Password (as per Step 1). And yes, the University is working on this double log in process!

ℹ What is MyInfo? MyInfo is the University’s student self enrolment and management system. Within MyInfo you can manage your enrolment including unit selection, unit set (majors, minors) enrolment and activity signup. You can also update your personal details (home and postal addresses, email address etc).

☐ Go to Self Enrolment Steps
   Within MyInfo on the left menu, click on <Change Enrolment Details> and then <Self Enrolment Steps>. Read all of the information on this page and then scroll down to the <Self Enrolment Steps> heading. Work your way through each of the steps.

ℹ Icons are used to represent the status of each Self Enrolment Step. Each step has an explanation to the process so please read each one carefully.

☐ Disclaimer – statement regarding your use of MyInfo
☐ Services – opportunity to join the Murdoch Student Guild or validate your Transperth Smartrider.
☐ Government Statistics – Government requirement to assist in forward planning.

☐ Course Completion Date
   Keeps the university informed of when you expect to graduate, so please keep this up to date as it is very important.
☐ **Unit Sets (Majors and Minors)**

You will need to have at least one Unit Set recorded as your Primary Unit Set. Your Primary Unit Set must relate to the course you are currently enrolled under.

ℹ️ What are Unit Sets? This is the name given to Majors and Minors by MyInfo, and often referred to as a Course. You must have at least one primary unit set on MyInfo that matches the course you were offered (eg. Bachelor of Arts in History, with Primary Unit set of History).

☐ **Units**

This is where you enrol in your individual units. Use the Search function to find the unit you want. You can also just type in the unit code of the unit you wish to enrol in. Do one unit at a time and **Save Changes** after each unit added. Remember to enrol in all of your units for the year.

ℹ️ D = internal, X = external, S1 = Semester 1, S2 = Semester 2.

When you have successfully enrolled in a unit the ‘Status’ column will show ‘Enrolled’ and the background colour will change from grey to blue.

ℹ️ Remember to make sure you have your Pop-Up Blockers turned off when you are in MyInfo as it will affect your ability to save your units.

☐ **Commonwealth Assistance Form (Domestic Students only)**

This is a Commonwealth Government requirement. To complete this you will need your Tax File Number (TFN). If you do not have your TFN handy or have not applied for one from the Australian Taxation Office yet you can come back to this step later, however this step must be completed by the Census Date to avoid having your course cancelled as per Commonwealth Government regulations.

☐ **Check your Current Enrolment Details**

When you have enrolled in all units that you intend to take for the year you are encouraged to view your current enrolment from the Current Enrolment Details menu in MyInfo. Select `<Course and Unit Details>` and then click on the course code next to the Units heading. You will need to check that all of the units that you intend to take for the year are included.

☐ **Unit Status shows as ENROLLED!**

Well done, you have enrolled in your units. Please be aware that your Course Status will remain as Inactive until semester begins.

Help

If you have any trouble getting into or navigating your way around MyMurdoch or MyInfo or have a technical issue, check out the Help link or contact the IT Service Desk (itservicedesk@murdoch.edu.au, p: 93602000 or Level 2, North Wing, Library).
STEP 4
Select Your Activities

☐ **Sign up for your Activities**

What are Activities? Activities are the collective term used for lectures, tutorials, workshops, seminars and laboratories.

You will need to have completed your Unit Enrolment (Step 3) before you can sign up to the associated activities.

Log in to MyMurdoch and then MyInfo as per Step 3 (http://www.murdoch.edu.au/goto/MyMurdoch). On the left menu, click on <Change Enrolment Details> and then <Activity Sign Up>. Read all of the information as it will tell you when the Activity Sign Up function is open.

The system works on a first-in-first-served basis so you are advised to enrol in your activities as soon as possible.

Click on <Add or Change Activities>. Read all of the information and then scroll down to see your Unit enrolments and the available activities.

Although signing up to a Lecture activity may not be mandatory for all units, it is recommended that you do to highlight any possible clashes on your timetable. If your unit attempt status is ‘Invalid’, you will be unable to sign up for activities for that unit.

☐ **Select Activities**

Make your selections for the different activities. It is recommended that you start with all your lectures first and save. Then choose the other associated activities for each unit, saving as you go. Be sure you also note the start week for each activity as they may not all start from Week 1 of Semester.

☐ **View Activities Timetable**

Click on the MyUnits page of MyMurdoch to see all of your activities displayed on your Personal Calendar. Print this out for your diary.
STEP 5
Get Advice

Your Program Chair(s) will advise you on the requirements of your course and answer any unit selection and enrolment queries at your “Investigate” - course advice session held before the start of the semester. This session will provide you with valuable information relating to your course, units and enrolment options and it is therefore essential that you attend.

For the full Orientation timetable see http://www.murdoch.edu.au/students/new/orientation.html.

☐ When and Where is your “Investigate” course advice session?

When: Wednesday 30 July at 11.00 am
Where: VBS3.024
Who: Animal Science (BAnimSc) Biomedical Science (BSc)

There are online maps of the three campuses for Murdoch at http://www.murdoch.edu.au/index/visitors/wherearewe#campuses The maps will provide details of where the course advice venues are.

If you are still unsure of your choice of units after you have read this booklet and you have attended the relevant “Investigate” course advice session you can email or phone your Faculty Student Administration staff member (Appendix G) with details of your query.
The Orientation program has been designed to meet your specific needs as a new student to Murdoch. This includes an introduction to key Murdoch University staff, the campus and to the facilities and services that are available to you. You should expect to attend at least 2 days at Orientation to experience the helpful and friendly atmosphere at Murdoch.

You can check the full orientation timetable (http://www.murdoch.edu.au/students/new/orientation.html) for event and Investigate - course advice session details.

All students should attend Orientation to experience the helpful and friendly atmosphere at Murdoch.

- **Discover** – All about Murdoch and what you should expect here.
- **Investigate** – Your course advice session to find out what your enrolment options are and how your Program Chair can help you.
- **Support** – Who can help you? Find out before you need it!
- **Explore** – Campus and Library tours. How not to get lost.
- **Connect** – Computer use on campus
- **Succeed** – How to be a successful student

and

- Meet the Student Guild and find out about their services
- Have your photo taken for your Student ID/Library Card
- Organise a parking permit (or avoid the queues and do it online at: http://www.oss.murdoch.edu.au/parking/)
- Join one of the many Murdoch Clubs & Societies
- Meet other students in your same course.
Important Information and FAQs

1. **General Electives – What are they, where can I find them?** A General Elective is a unit that is not a required unit (that is not Core Unit or Specified Elective) for your major or course. It can be selected from outside your primary area of study and may form part of a second major or minor. There is no single ‘list’ of General Electives. You can select General Electives by taking the units that make up a second major or minor or by looking at the online Handbook complete list of units available [http://handbook.murdoch.edu.au/units/](http://handbook.murdoch.edu.au/units/).

2. **Units – Which units do I need to do and how do I know that I have enrolled in the right units?** Your Checklist of Units and Prerequisites (Appendix B) and Sample Enrolment (Appendix C) in this booklet show you which are your required units. The Sample Enrolments for other majors are available from the Faculty Student Administration website [http://www.murdoch.edu.au/fsa/](http://www.murdoch.edu.au/fsa/).

3. **Invalid Units – Why is my unit enrolment INVALID?** Beside the invalid unit, you will find a grey button labelled ‘Why is this Invalid?’. When you click on this button, a pop-up window will display the reason that the unit is invalid. If you still require help, print off or copy down this information before contacting your Faculty Student Administration staff member (Appendix G).

4. **Activities – How do I sign up & what do I do if they are full?** Use Step 4 to assist you with your Activity sign up within the MyInfo part of MyMurdoch. If your chosen Activity is full, there are three options available: review your whole timetable to check if you can change to another other unit, consider doing a unit externally (if available), or contact the Unit Coordinator if you have exceptional circumstances. Unit Coordinator contact details can be found by entering the unit code in the search bar on the MyUnits page of MyMurdoch.

5. **Where can I find my credit and exemptions (Advanced Standing)?** If you have notified the University that you wish to be assessed for Advanced Standing (either on your application or via contact with the Accreditation Officer), your credit and exemptions will be shown on the MyInfo part of MyMurdoch. Go to ‘Current Enrolment Details’, select `<Course and Unit Details>`, scroll down the list to ‘Advanced Standing’ and click on course code next to this heading (eg B1137). Allow at least 10 working days from receipt by the University of your application and supporting documentation before this information will be available on your enrolment record. Should you have any queries regarding Advanced Standing you should contact the Accreditation Officer (see Appendix H).
Enrolment Deadlines – Internal and External units. You will be expected to enrol in all your units for the current year as soon as possible. The last date to add a unit is the end of Week 1 of Semester. For external units, the mail-out of unit materials will commence two weeks prior to the start of each Semester, so you should enrol in your external units as soon as possible. If you enrol in an external unit you should allow up to 10 days from the date you enrolled to receive your materials.

University Regulations and Rules Students should ensure they are familiar with the University’s internal legislation, including provisions specifically relevant to their studies. University Regulations and Rules - see http://www.murdoch.edu.au/admin/legsln/

How do I add or change my course, major or minor? To change your course entirely will require a course transfer which can only be applied for near the end of each semester. The relevant course transfer form, Amend Course Details, can be found at http://www.oss.murdoch.edu.au/forms/. Most second majors and minors can be added or changed under ‘Unit Sets’ in the ‘Self Enrolment Steps’ on the MyInfo part of MyMurdoch.

Email Account & Correspondence The University’s primary form of contact with students is via email. The University automatically provides you with an email address, (yourstudentnumber@student.murdoch.edu.au) and you can access this email account at: https://wwwstudent.murdoch.edu.au/mail using your Murdoch User name and Password (same as MyMurdoch). You can choose to use a different email account, for example a Yahoo account. It is essential that you keep the email address listed in the MyInfo page of MyMurdoch up to date so that you receive important communications from your lecturers and the University.

Cancellation of Courses, Minors and Units The University reserves the right to cancel, without notice, any course, major, minor or unit if the number of students enrolled falls below limits set by the University.

Glossary A general summary to help you with some of the more common terms that you will come across as you plan your studies can be found on the Faculty Student Administration web page. A full list of Murdoch terminology and relevant regulation requirements can be found in the Murdoch Glossary (http://handbook.murdoch.edu.au/2008/09_glossary.pdf ).

<tr>
<td>Description</td>
<td>Biomedical Science applies the principles of cellular and molecular biology to the understanding of normal function and disease in humans and other animals. The Biomedical Science major provides students with an opportunity to focus their training and experience in medical and mammalian biology. The major integrates the major themes of biomedical sciences at the molecular, cellular and whole-body level and addresses community concerns about biomedical research. Knowledge from the fundamental disciplines of anatomy, physiology, biochemistry, histology and developmental biology is integrated with, and applied to, knowledge in the paraclinical disciplines of pathology, microbiology, parasitology, nutrition, immunobiology and molecular genetics, pharmacology and toxicology. Teaching of these fundamental subjects is carried out on a problem-solving basis dealing with body systems and disease within each discipline. The major also prepares students for dealing with the impact and ethics of the scientific approach used in biomedical sciences. The material within this major, depending on unit choices, is equivalent to now-standard medical degree pre- and paraclinical training.</td>
</tr>
<tr>
<td>Special Requirements</td>
<td>Students are required to participate in practical work involving animals and/or fresh tissues from dead animals throughout the major.</td>

APPENDIX B

Checklist of Units & Prerequisites

Biomedical Science (BSc)

Course Structure - 72 points

Part I - 24 points

Foundation Unit - 3 points
Select one Foundation Unit from the Foundation Units section in this Handbook.

Core Units - 15 points

☐ BMS101 Introduction to the Human Body - 3 pts
   Murd: S1-Int
   OR

☐ BIO103 Environmental Biology - 3 pts
   Murd: S1-Int, S1-Ext
   (this unit is an acceptable alternative to BMS101, for students enrolled in Molecular Biology and undertaking a double major with Biomedical Science)

☐ BMS107 Principles of Vertebrate Physiology - 3 pts
   Murd: S2-Int

☐ BIO152 Cell Biology - 3 pts
   Murd: S2-Int

☐ MAS183 Statistical Data Analysis and Databases - 3 pts
   Murd: S1-Int, S1-Ext, S2-Int, S2-Ext

☐ PEC144 Chemical Principles - 3 pts
   Murd: S1-Int, S1-Ext, S2-Int, S2-Ext

☐ Students who have not undertaken TEE Chemistry or who have results in the subject below the top 40th percentile are required to enrol in PEC140 Introduction to Chemistry - 3 pts [Murd: S1-Int, S1-Ext, S2-Int, S2-Ext] as a prerequisite for BIO152 Cell Biology - 3 pts and PEC144 Chemical Principles - 3 pts.

General Electives - 6 points
Select from any 100-level units offered by the University, subject to individual unit prerequisites.

Part II - 48 points

Core Units - 24 points

☐ BMS264 Biomedical Physiology - 4 pts
   Murd: S1-Int

☐ BMS261 Human and Comparative Biochemistry - 4 pts
   Murd: S1-Int
   OR

☐ BIO270 Biochemistry I - 4 pts
   Murd: S2-Int

☐ BMS265 Medical Immunology and Molecular Genetics - 4 pts
   Murd: S2-Int
   OR

☐ BIO252 Immunology, Vaccines and Cell Culture - 4 pts
   Murd: S2-Int

☐ BMS203 Comparative and Human Microbiology - 4 pts
   Murd: S2-Int

☐ BMS360 Mechanisms of Disease - 4 pts
   Murd: S1-Int

☐ BMS368 Advances in Medical Science - 4 pts
   Murd: S2-Int

General Electives - 24 points
Select from any 200- to 400-level units offered by the University, subject to individual unit prerequisites. Students are advised to consider using these points to meet the requirements of a second major or minor. Please refer to any recommended Double Majors and Minors listed in the description of this course.

Students who are undertaking the double major with Molecular Biology must complete these 16 points of Required Units from Molecular Biology:
Students who are undertaking the double major with Mathematics and Statistics must complete these 24 points from Mathematics and Statistics; comprising points for the following three units:

- **MAS261 Mathematical Methods** - 4 pts
  Murd: S1-Int, S1-Ext

- **MAS278 Stochastic Models and Inference** - 4 pts
  Murd: S2-Int, S2-Ext

- **MAS230 Biostatistical Methods** - 4 pts
  Murd: S2-Int, S2-Ext

plus at least another 12 points from the following:

- **MAS305 Environmental and Biological Modelling** - 4 pts
  Murd: S1-Int, S1-Ext

- **MAS368 Time Series and Multivariate Analysis** - 4 pts
  Murd: S1-Int, S1-Ext

- **MAS374 Statistical Design and Data Analysis** - 4 pts
  Murd: S2-Int, S2-Ext

- **MAS375 Modelling and Simulation** - 4 pts
  Murd: S2-Int, S2-Ext

Students undertaking a Minor in Applied Statistics will need in addition to **MAS183 Statistical Data Analysis and Databases** - 3 pts OR **MAS184 Biostatistics and Information Retrieval** - 3 pts, the following:

- **MAS230 Biostatistical Methods** - 4 pts
  Murd: S2-Int, S2-Ext

**AND**

- **MAS374 Statistical Design and Data Analysis** - 4 pts
  Murd: S2-Int, S2-Ext

OR

- **MAS368 Time Series and Multivariate Analysis** - 4 pts
  Murd: S1-Int, S1-Ext

**Prerequisites - Biomedical Science (BSc)**

- **Advances in Medical Science (BMS368)**
  Prerequisites: BMS360 Mechanisms of Disease + (one of BMS203 Human and Comparative Microbiology or BMS361 Comparative and Human Microbiology or BIO263 Microbiology I) + (one of BMS265 Medical Immunology and Molecular Genetics or BIO252 Animal Biotechnology)

- **Biochemistry I (BIO270)**
  Prerequisites: N152/BIO152 Cell Biology and either PEC144 Chemical Principles or M114/PEC114 Chemistry for Biological Sciences or M115/PEC115 Chemistry for Environmental Science or M116/PEC116 Chemistry for Physical Sciences.

- **Biochemistry II (BIO371)**
  Prerequisites: N270/BIO270 Biochemistry I or V261/BMS261 Human and Comparative Biochemistry or ANS251 Agricultural Biochemistry.

- **Biomedical Physiology (BMS264)**
  Prerequisites: BMS107 Principles of Vertebrate Biology or N362/BIO362 Comparative Animal Physiology.

- **Biostatistical Methods (MAS230)**
  Prerequisites: M180/MAS180 Introduction to Statistics or M183/MAS183 Statistical Data Analysis and Databases or M184/MAS184 Biostatistics and Information Retrieval.

- **Cell Biology (BIO152)**
  Prerequisites: A thorough knowledge of Year 12 secondary level Chemistry is assumed. Students who did not achieve a final scaled score of 61% or more in TEE Chemistry within the three years immediately preceding enrolment are required to pass M140/PEC140 Introduction to Chemistry or PEC144 Chemical Principles or M114/PEC114 Chemistry for Biological Sciences or M115/PEC115 Chemistry for Environmental Science or M116/PEC116 Chemistry for Physical Sciences prior to enrolling.

- **Comparative and Human Microbiology (BMS203)**
  Prerequisites: BIO152 Cell Biology

- **Environmental and Biological Modelling (MAS305)**
  Prerequisites: A208/MAS208 Mathematical Modelling or M261/MAS261 Mathematical Methods.
Prerequisites - Biomedical Science (BSc) (Continued)

- Environmental Biology (BIO103)
  Prerequisites: Nil.
  Note: Ext students enrolled in BIO103 must be resident in Australia due to customs restrictions which prevent the forwarding of the practical kit to overseas destinations.

- Genetic Engineering (BIO212)
  Prerequisites: N152/BIO152 Cell Biology.

- Genetics (BIO372)
  Prerequisites: N152/BIO152 Cell Biology and either M183/MAS183 Statistical Data Analysis and Databases or M182/MAS182 Applied Mathematics or M184/MAS184 Biostatistics and Information Retrieval.

- Human and Comparative Biochemistry (BMS261)
  Prerequisites: N152/BIO152 Cell Biology.

- Immunology, Vaccines and Cell Culture (BIO252)
  Prerequisites: N152/BIO152 Cell Biology.

- Introduction to Chemistry (PEC140)
  Prerequisites: This unit is for students with a weak background in Chemistry. Students with a final scaled score of more than 60% in TEE Chemistry within the past three years may be excluded from the unit. A knowledge of basic mathematics will be assumed.

- Introduction to the Human Body (BMS101)
  Prerequisites: Nil.

- Mathematical Methods (MAS261)
  Prerequisites: M161/MAS161 Calculus and Matrix Algebra or A208/MAS208 Mathematical Modelling.

- Mechanisms of Disease (BMS360)
  Prerequisites: V264/BMS264 Biomedical Physiology and either V261/BMS261 Human and Comparative Biochemistry or N270/BIO270 Biochemistry I.

- Medical Immunology and Molecular Genetics (BMS26)
  Prerequisites: V261/BMS261 Human and Comparative Biochemistry or concurrent enrolment in N270/BIO270 Biochemistry I.

- Microbiology II (BIO364)
  Prerequisites: N263/BIO263 Microbiology I or V361/BMS361 Medical Microbiology or ANS351 Animal Microbiology or BMS203 Comparative and Human Microbiology.

- Modelling and Simulation (MAS375)
  Prerequisites: M161/MAS161 Calculus and Matrix Algebra or A208/MAS208 Mathematical Modelling or both M167/MAS167 Computational Mathematics and M182/MAS182 Applied Mathematics.

- Molecular Genetics (BIO316)
  Prerequisites: BIO212 Genetic Engineering or ANS25 Animal Molecular Biology.

- Principles of Vertebrate Physiology (BMS107)
  Prerequisites: Nil. BMS101 Introduction to the Human Body or ANS102 Introduction to the Animal Body are strongly recommended as precursor units.

- Statistical Data Analysis and Databases (MAS183)
  Prerequisites: Nil.

- Statistical Design and Data Analysis (MAS374)
  Prerequisites: M284/MAS284 Applied Statistics and Process Management or M230/MAS230 Biostatistical Methods or M278/MAS278 Probability and Statistical Inference.

- Stochastic Models and Inference (MAS278)
  Prerequisites: M180/MAS180 Introduction to Statistics OR M183/MAS183 Statistical Data Analysis and Databases OR M184/MAS184 Biostatistics and Information Retrieval OR M284/MAS284 Applied Statistics and Process Management OR MA120/MAS230 Biostatistical Methods. In addition, students must have a calculus background equivalent to at least M182/MAS182 Applied Mathematics.

- Time Series and Multivariate Analysis (MAS368)
  Prerequisites: M278/MAS278 Probability and Statistical Inference or M284/MAS284 Applied Statistics and Process Management or M230/MAS230 Biostatistical Methods. In addition, students must have a calculus background equivalent to at least M161/MAS161 Calculus and Matrix Algebra.

**Foundation Unit:** Select one of the following:

- FDN115 Interactions of Society and Technology
- FDN150 Reinventing Australia
All Murdoch students are required to complete one Foundation Unit unless they have been awarded Advanced Standing including an exemption for it. Check the teaching timetable for most up-to-date day, time and room location of each Foundation Unit: (http://www.murdoch.edu.au/admin/timetables/teaching/). All foundation units have Lectures: 2 hours per week; workshops/tutorials: 2 hours per week. Below are the foundation units on offer for semester 2.

**FDN115 Interactions of Society and Technology**
Murdoch: Semester 1-internal, Semester 1-external, Semester 2-internal, Semester 2-external
Peel: Semester 1-internal, Semester 2-internal,
Rockingham: Semester 1-internal, Semester 2-internal
Unit Coordinator – Martina Muller, m.muller@murdoch.edu.au
Tel: 9360 2955, Room: Science and Computing 2.011

Society’s constantly evolving interrelationship with technology has fundamentally changed our perception of ourselves and society. It is increasingly important for people to have a broad understanding of social, historical, ethical, economic and environmental factors that interconnect societal development with the nature of technology. FDN115 will provide students with an understanding of these important issues. Topics: histories of western culture and sciences, the nature of democracy, life cycle analysis and sustainability, political structures, cities, reproductive technologies, privacy, medicine, design and innovation.

**FDN150 Reinventing Australia**
Murdoch: Semester 1-internal, Semester 1-external, Semester 2-internal, Semester 2-external
Rockingham: Semester 1-internal
Unit Coordinator – Dr Brad Pettitt, b.pettit@murdoch.edu.au
Tel: 9360 6465, Room: Social Sciences Room 3.017

As Australia is in some sense being ‘reinvented’ by globalisation, new technology and other forces for change, we consider just what ‘Australia’ is and possibilities for shaping its future. Topics: contemporary issues such as the environment, Aboriginal rights, the family and citizenship. Our aim is to identify and understand some of the salient features of Australian society.
