Congratulations on your offer of a place to study at Murdoch University. The details included in this booklet will assist you with accepting your offer, seeking advice on your enrolment options, choosing your units and completing your enrolment online. The 7 Steps below ensure that you have the basic information you need to navigate successfully through your first enrolment experience at Murdoch.

Students who are unable to access computer facilities due to exceptional circumstances are able to apply to receive their University correspondence via hardcopy. For further information please contact the External Studies Unit on 93602710.

STEP 1  Accept Offer and Activate Account
STEP 2  Research Your Options
STEP 3  Complete Your Enrolment
STEP 4  Select Your Activities
STEP 5  Get Advice
STEP 6  Go To Orientation and Start Uni
STEP 7  Important Information and FAQs
STEP 1

Accept Offer and Activate Account

☐ Go to the Murdoch Home page …
   … [http://www.murdoch.edu.au/](http://www.murdoch.edu.au/) and click on the “New students” link on the bottom left of your screen. This will take you to our New Students website.

☐ Select the Accept & Activate icon

☐ Read the instructions …
   … carefully for your offer type, then click on the “New students…walk this way” icon.

   You will need your Offer Letter (Domestic students) or Confirmation of Enrolment- eCOE (International students) as this contains your Student Number.

☐ Enter your Student Number

☐ Enter your Date of Birth …
   … in the format DD/MM/YYYY (eg 12/03/1985) and click the SUBMIT button.

☐ Now you can:
   ☐ Choose to Accept, Defer or Reject your offer (domestic students only)
   ☐ Set your Murdoch Password (all students)
   ☐ Set and confirm your email address (all students)
   ☐ Select your course as offered (domestic students only)

☐ Congratulations …
   … you have accepted your place as a Murdoch student and you are now ready to select your units and complete your enrolment!
Research Your Options

- **Read your Course/Major Description (Appendix A)**
  The description will provide you with information about your course and major, including recommended double majors and minors.

- **Review your Checklist and Unit Prerequisites (Appendix B)**
  The checklist is the structure of your course and the units you need to complete for your degree. It includes required prerequisites to help you plan the order of your units.

- **Review the Sample Enrolments (Appendix C)**
  The Sample Enrolment provides you with a pre-made study plan for your major. Some majors provide you with a choice of units in the requirements, so you may wish to create your own study plan.

- **Choose your units …**
  …you want to enrol in for the current year by using the information you have reviewed above from the checklist (Appendix B) and sample enrolment (Appendix C). You can find out about each unit in the Handbook online [http://handbook.murdoch.edu.au/units/](http://handbook.murdoch.edu.au/units/).

  **Part I units (100-level units)** are taken in the first year. Most of the Part I units are worth 3 points each, this means you will be taking 8 units in your first year, being 4 units each semester.

  **Part II units (200-level and above units)** are taken in the second or third year of study. Most Part II units are worth 4 points each, this means that you will be taking 6 Part II units in each of the 2nd and 3rd years, being 3 units each semester.

  **General Electives** are ‘free choice’ units. You can use these units to meet the requirements of a second major or a minor. Use the Handbook online [http://handbook.murdoch.edu.au/](http://handbook.murdoch.edu.au/) to help you search for these and for individual unit prerequisites.

- **Check your Timetable**
  Generally you should find that the lectures for your core units and specified elective units will not clash, however some general elective units may not fit into your timetable. If this happens you may need to choose another general elective.
You can check the timetable for the units you have chosen for your first semester of enrolment to make sure they are not timetabled to run at the same time.

The quickest method of checking this is to refer to the online teaching timetable’s Nominated Units Enquiry website at: http://www.murdoch.edu.au/admin/timetables/teaching/enquiry.html.

Don’t panic if you are unsure of your choice of units. Do the best you can, and then seek help via:

- **New Student website** [http://www.murdoch.edu.au/students/new/](http://www.murdoch.edu.au/students/new/) provides more details regarding the choices of units and enrolment in units via MyInfo.
- Investigate your **Course Advice Session(s)** that will be held during Orientation Week where there will be staff available to answer your queries about your course. (see Step 5)
- **Faculty Student Administration staff member.** You have been allocated a staff member to assist you with your enrolment queries regarding your chosen course, for contact details see Appendix G. Sample enrolments of popular double majors can be found on the Faculty Student Administration website [https://www.murdoch.edu.au/fsa/](https://www.murdoch.edu.au/fsa/).

- **Now you are ready to enrol ...**
STEP 3
Complete Your Enrolment

Log in to MyMurdoch..

… at [http://www.murdoch.edu.au/goto/MyMurdoch](http://www.murdoch.edu.au/goto/MyMurdoch) to access your portal to Murdoch’s online facilities using your Murdoch User Name (Student Number) and Murdoch Password (as per Step 1).

Click on MyInfo tab

Log in to MyInfo using your Murdoch User Name (Student Number) and Murdoch Password (as per Step 1). And yes, the University is working on this double log in process!

What is MyInfo? MyInfo is the University’s student self enrolment and management system. Within MyInfo you can manage your enrolment including unit selection, unit set (majors, minors) enrolment and activity signup. You can also update your personal details (home and postal addresses, email address etc).

Go to Self Enrolment Steps

Within MyInfo on the left menu, click on <Change Enrolment Details> and then <Self Enrolment Steps>. Read all of the information on this page and then scroll down to the <Self Enrolment Steps> heading. Work your way through each of the steps.

Icons are used to represent the status of each Self Enrolment Step. Each step has an explanation to the process so please read each one carefully.

- Disclaimer – statement regarding your use of MyInfo
- Services – opportunity to join the Murdoch Student Guild or validate your Transperth Smartrider.
- Government Statistics – Government requirement to assist in forward planning.

Course Completion Date

Keeps the university informed of when you expect to graduate, so please keep this up to date as it is very important.
Unit Sets (Majors and Minors)
You will need to have at least one Unit Set recorded as your Primary Unit Set. Your Primary Unit Set must relate to the course you are currently enrolled under.

What are Unit Sets? This is the name given to Majors and Minors by MyInfo, and often referred to as a Course. You must have at least one primary unit set on MyInfo that matches the course you were offered (eg. Bachelor of Arts in History, with Primary Unit set of History).

Units
This is where you enrol in your individual units. Use the Search function to find the unit you want. You can also just type in the unit code of the unit you wish to enrol in. Do one unit at a time and Save Changes after each unit added. Remember to enrol in all of your units for the year.

D = internal, X = external, S1 = Semester 1, S2 = Semester 2.
When you have successfully enrolled in a unit the ‘Status’ column will show ‘Enrolled’ and the background colour will change from grey to blue.

Remember to make sure you have your Pop-Up Blockers turned off when you are in MyInfo as it will affect your ability to save your units.

Commonwealth Assistance Form (Domestic Students only)
This is a Commonwealth Government requirement. To complete this you will need your Tax File Number (TFN). If you do not have your TFN handy or have not applied for one from the Australian Taxation Office yet you can come back to this step later, however this step must be completed by the Census Date to avoid having your course cancelled as per Commonwealth Government regulations.

Check your Current Enrolment Details
When you have enrolled in all units that you intend to take for the year you are encouraged to view your current enrolment from the Current Enrolment Details menu in MyInfo. Select <Course and Unit Details> and then click on the course code next to the Units heading. You will need to check that all of the units that you intend to take for the year are included.

Unit Status shows as ENROLLED!
Well done, you have enrolled in your units. Please be aware that your Course Status will remain as Inactive until semester begins.

If you have any trouble getting into or navigating your way around My Murdoch or MyInfo or have a technical issue, check out the Help link or contact the IT Service Desk (itservicedesk@murdoch.edu.au, p: 93602000 or Level 2, North Wing, Library).
STEP 4
Select Your Activities

- **Sign up for your Activities**
  - What are Activities? Activities are the collective term used for lectures, tutorials, workshops, seminars and laboratories.

  You will need to have completed your Unit Enrolment (Step 3) before you can sign up to the associated activities.

  Log in to MyMurdoch and then MyInfo as per Step 3 ([http://www.murdoch.edu.au/goto/MyMurdoch](http://www.murdoch.edu.au/goto/MyMurdoch)). On the left menu, click on *<Change Enrolment Details>* and then *<Activity Sign Up>*. Read all of the information as it will tell you when the Activity Sign Up function is open.

  The system works on a first-in-first-served basis so you are advised to enrol in your activities as soon as possible.

  Click on *<Add or Change Activities>*. Read all of the information and then scroll down to see your Unit enrolments and the available activities.

  Although signing up to a Lecture activity may not be mandatory for all units, it is recommended that you do to highlight any possible clashes on your timetable. If your unit attempt status is ‘Invalid’, you will be unable to sign up for activities for that unit.

- **Select Activities**
  - Make your selections for the different activities. It is recommended that you start with all your lectures first and save. Then choose the other associated activities for each unit, saving as you go. Be sure you also note the start week for each activity as they may not all start from Week 1 of Semester.

- **View Activities Timetable**
  - Click on the MyUnits page of MyMurdoch to see all of your activities displayed on your Personal Calendar. Print this out for your diary.
STEP 5  
Get Advice

Your Program Chair(s) will advise you on the requirements of your course and answer any unit selection and enrolment queries at your “Investigate” - course advice session held before the start of the semester. This session will provide you with valuable information relating to your course, units and enrolment options and it is therefore essential that you attend.

For the full Orientation timetable see http://www.murdoch.edu.au/students/new/orientation.html.

When and Where is your “Investigate” course advice session?

When: Wednesday, July 30 at 11.00am  
Where: ECL3 (ECL lecture theatre 3)  
Who: Sports Science (BSportsSc)

There are online maps of the three campuses for Murdoch at http://www.murdoch.edu.au/index/visitors/wherearewe#campuses The maps will provide details of where the course advice venues are.

If you are still unsure of your choice of units after you have read this booklet and you have attended the relevant “Investigate” course advice session you can email or phone your Faculty Student Administration staff member (Appendix G) with details of your query.
The Orientation program has been designed to meet your specific needs as a new student to Murdoch. This includes an introduction to key Murdoch University staff, the campus and to the facilities and services that are available to you. You should expect to attend at least 2 days at Orientation to experience the helpful and friendly atmosphere at Murdoch.

You can check the full orientation timetable ([http://www.murdoch.edu.au/students/new/orientation.html](http://www.murdoch.edu.au/students/new/orientation.html)) for event and Investigate - course advice session details.

All students should attend Orientation to experience the helpful and friendly atmosphere at Murdoch.

**Things to do during Orientation Week:**
- **Discover** – All about Murdoch and what you should expect here.
- **Investigate** – Your course advice session to find out what your enrolment options are and how your Program Chair can help you.
- **Support** – Who can help you? Find out before you need it!
- **Explore** – Campus and Library tours. How not to get lost.
- **Connect** – Computer use on campus
- **Succeed** – How to be a successful student and
- Meet the Student Guild and find out about their services
- Have your photo taken for your Student ID/Library Card
- Organise a parking permit (or avoid the queues and do it online at: [http://www.oss.murdoch.edu.au/parking/](http://www.oss.murdoch.edu.au/parking/))
- Join one of the many Murdoch Clubs & Societies
- Meet other students in your same course.
**General Electives – What are they, where can I find them?** A General Elective is a unit that is not a required unit (that is not Core Unit or Specified Elective) for your major or course. It can be selected from outside your primary area of study and may form part of a second major or minor. There is no single ‘list’ of General Electives. You can select General Electives by taking the units that make up a second major or minor or by looking at the online Handbook complete list of units available [http://handbook.murdoch.edu.au/units/](http://handbook.murdoch.edu.au/units/).

**Units – Which units do I need to do and how do I know that I have enrolled in the right units?** Your Checklist of Units and Prerequisites (Appendix B) and Sample Enrolment (Appendix C) in this booklet show you which are your required units. The Sample Enrolments for other majors are available from the Faculty Student Administration website [http://www.murdoch.edu.au/fsa/](http://www.murdoch.edu.au/fsa/).

**Invalid Units – Why is my unit enrolment INVALID?** Beside the invalid unit, you will find a grey button labelled ‘Why is this Invalid?’ When you click on this button, a pop-up window will display the reason that the unit is invalid. If you still require help, print off or copy down this information before contacting your Faculty Student Administration staff member (Appendix G).

**Activities – How do I sign up & what do I do if they are full?** Use Step 4 to assist you with your Activity sign up within the MyInfo part of MyMurdoch. If your chosen Activity is full, there are three options available: review your whole timetable to check if you can change to another other unit, consider doing a unit externally (if available), or contact the Unit Coordinator if you have exceptional circumstances. Unit Coordinator contact details can be found by entering the unit code in the search bar on the MyUnits page of MyMurdoch.

**Where can I find my credit and exemptions (Advanced Standing)?** If you have notified the University that you wish to be assessed for Advanced Standing (either on your application or via contact with the Accreditation Officer), your credit and exemptions will be shown on the MyInfo part of MyMurdoch. Go to ‘Current Enrolment Details’, select `<Course and Unit Details>`, scroll down the list to ‘Advanced Standing’ and click on course code next to this heading (eg B1137). Allow at least 10 working days from receipt by the University of your application and supporting documentation before this information will be available on your enrolment record. Should you have any queries regarding Advanced Standing you should contact the Accreditation Officer (see Appendix H).
Enrolment Deadlines – Internal and External units. You will be expected to enrol in all your units for the current year as soon as possible. The last date to add a unit is the end of Week 1 of Semester. For external units, the mail-out of unit materials will commence two weeks prior to the start of each Semester, so you should enrol in your external units as soon as possible. If you enrol in an external unit you should allow up to 10 days from the date you enrolled to receive your materials.

University Regulations and Rules Students should ensure they are familiar with the University’s internal legislation, including provisions specifically relevant to their studies. University Regulations and Rules - see http://www.murdoch.edu.au/admin/legsln/

How do I add or change my course, major or minor? To change your course entirely will require a course transfer which can only be applied for near the end of each semester. The relevant course transfer form, Amend Course Details, can be found at http://www.oss.murdoch.edu.au/forms/. Most second majors and minors can be added or changed under ‘Unit Sets’ in the ‘Self Enrolment Steps’ on the MyInfo part of MyMurdoch.

Email Account & Correspondence The University’s primary form of contact with students is via email. The University automatically provides you with an email address, (yourstudentnumber@student.murdoch.edu.au) and you can access this email account at: https://wwwstudent.murdoch.edu.au/mail using your Murdoch User name and Password (same as MyMurdoch). You can choose to use a different email account, for example a Yahoo account. It is essential that you keep the email address listed in the MyInfo page of MyMurdoch up to date so that you receive important communications from your lecturers and the University.

Cancellation of Courses, Minors and Units The University reserves the right to cancel, without notice, any course, major, minor or unit if the number of students enrolled falls below limits set by the University.

Glossary A general summary to help you with some of the more common terms that you will come across as you plan your studies can be found on the Faculty Student Administration web page. A full list of Murdoch terminology and relevant regulation requirements can be found in the Murdoch Glossary (http://handbook.murdoch.edu.au/2008/09_glossary.pdf ).

| Qualifications | Bachelor of Chiropractic (BChiro)  
Bachelor of Science (BSc) in Chiropractic |
| Credit Points for Course | 120 |
| Course Codes | B1193 |
| Description | The Chiropractic major aims to produce graduates who will practise as health care professionals with the skills to diagnose, treat and prevent dysfunction of the spine and effects of this dysfunction on the nervous system, musculoskeletal system and general health. The objectives of the major encompass abilities to recognise signs and symptoms of such diseases with their presenting pathology, patho-mechanical states, related pain syndromes; differentially diagnose the problem and select appropriate therapeutic regimes or refer patients to other health professionals. The chiropractic graduate must possess a comprehensive understanding and command of the skills and knowledge that constitute the basis of the chiropractic profession, and be able to perform at the clinical level expected of a primary contact health care practitioner specialising in mechanical dysfunctional states of the nervous and musculoskeletal systems.  

The Bachelor of Science (Chiropractic) degree is conferred following successful completion of the first three years of study. The Bachelor of Chiropractic degree is awarded following the successful completion of the final two years of study. Both degrees are essential for registration and clinical practice. |
<p>| Professional Recognition | This course has been accredited by the Australasian Council on Chiropractic Education. Graduates are eligible for registration with the Western Australian registration board for Chiropractic and are also eligible for reciprocal registration in all States and Territories of Australia. As is the practice in the US, chiropractic graduates from accredited educational institutions are eligible to sit the US Board examination prior to practise in that country. Similarly, graduates may be eligible to practise in the UK/Europe after completion of the mandatory one-year internships required of graduates in those countries. |</p>

<tr>
<td>Description</td>
<td>This degree is tailored to individuals interested in sports science in relation to health and physical fitness. A strong foundation in human biology, anatomy and physiology will enable the student to develop their client assessment skills. The student will be competent in biomechanics and client evaluation. They will then learn how to develop fitness strengthening and rehabilitation programs, which will support a career in the health industry.</td>
</tr>
<tr>
<td>Special Requirements</td>
<td>Australian applicants or those with permanent resident status. International applicants must have a level of health suitable to meet the requirements of such a course. Before commencement, students will be required to obtain the following: - Police background check and again in Year 3</td>
</tr>
<tr>
<td>Accreditation and Registration</td>
<td>No accreditation requirements. International applicants will need to provide proof of having met an overall IELTS score of at least 6. Please note that IELTS scores are valid for two years only. It is the student's responsibility to arrange for a current IELTS prior to application for registration with the NBWA. Results from tests completed more than two (2) years prior to application for registration will not be accepted.</td>

APPENDIX B

Checklist of Units & Prerequisites

Chiropractic (BChiro, BSc)
Bachelor of Chiropractic (BChiro)
Bachelor of Science (BSc) in Chiropractic

Course Structure - 120 points

Part I - 24 points

- Foundation Unit - 3 points
  Select one Foundation Unit from the Foundation Units from Appendix D

Core Units - 21 points

- BMS101 Introduction to the Human Body - 3 pts
  Murd: S1-Int CEJTOKYO: T1C-Int
- PEC140 Introduction to Chemistry - 3 pts
  Murd: S1-Int, S1-Ext, S2-Int, S2-Ext CEJTOKYO: T1C-Int
  OR
  Elective (if TEE Chemistry result is in the top 40th percentile)
- BMS107 Principles of Vertebrate Physiology - 3 pts
  Murd: S2-Int CEJTOKYO: T2C-Int
- BIO152 Cell Biology - 3 pts
  Murd: S2-Int CEJTOKYO: T2C-Int
- CHI109 Chiropractic Skills and Principles I - 3 pts
  Murd: S1-Int CEJTOKYO: T1C-Int
- BMS108 Comparative Musculoskeletal Anatomy - 3 pts
  Murd: S2-Int CEJTOKYO: T2C-Int
- CHI106 Introduction and Application of Epidemiology - 3 pts
  Murd: S2-Int

Part II - 96 points

Year 2 Level

- CHI280 Human Anatomy I - 4 pts
  Murd: S1-Int CEJTOKYO: T3C-Int
- CHI281 Chiropractic Biochemistry - 4 pts
  Murd: S1-Int CEJTOKYO: T3C-Int
- BMS264 Biomedical Physiology - 4 pts
  Murd: S1-Int CEJTOKYO: T3C-Int
- CHI282 Human Anatomy II - 4 pts
  Murd: S2-Int
- CHI283 Physical Examination - 4 pts
  Murd: S2-Int
- CHI209 Biomechanics and Chiropractic Skills - 4 pts
  Murd: S2-Int

Year 3 Level

- CHI302 Diagnosis and Chiropractic Skills - 4 pts
  Murd: S1-Int
- CHI301 Processes in Human Disease - 4 pts
  Murd: S1-Int
- CHI303 Primary Practice I: Health Promotion and Disease Prevention: Nutritional Management - 4 pts
  Murd: S1-Int
- CHI304 Clinical Orthopaedics and Neurology - 4 pts
  Murd: S2-Int
- CHI305 Immunology, Genetics and Microbiology - 4 pts
  Murd: S2-Int
- CHI309 Chiropractic Skills and Principles II - 4 pts
  Murd: S2-Int

Year 4 Level

- CHI484 Pre-clinical Practicum - 0 pts
  Murd: Y-Int
- CHI412 Primary Practice III: Differential Diagnosis I - 4 pts
  Murd: S1-Int
- CHI413 Primary Practice IV: Differential Diagnosis II - 4 pts
  Murd: S1-Int
- CHI411 Primary Practice II: Rehabilitation - 4 pts
  Murd: S1-Int
- CHI421 Radiography: Principles and Positioning - 4 pts
  Murd: S2-Int
- CHI414 Primary Practice V: Definitive Diagnosis and Pharmacology - 4 pts
  Murd: S2-Int
- CHI423 Physiological Therapeutics - 2 pts
  Murd: S2-Int
CHI488 Mental Health Issues - 2 pts  
Murd: S2-Int

Year 5 Level

- CHIS19 Professional Practice Management - 2 pts  
  Murd: T3-Int
- CHIS09 Public Health - 2 pts  
  Murd: T2-Int
- CHIS86 Decision Making in Clinical Imaging - 2 pts  
  Murd: T1-Int
- CHIS81 Ethics and Jurisprudence - 2 pts  
  Murd: T2-Int
- CHIS85 Evidence Based Practice - 2 pts  
  Murd: T1-Int
- CHIS89 Topics Review - 2 pts  
  Murd: T3-Int
- CHIS84 Clinical Practicum - 12 pts  
  Murd: Y1-Int

Prerequisites - Chiropractic (BChiro, BSc)

Biomechanics and Chiropractic Skills (CHI209)  
Prerequisites: BMS101 Introduction to the Human Body and BMS108 Comparative Musculoskeletal Anatomy. Co-requisite CHI282 Human Anatomy II.

Biomedical Physiology (BMS264)  
Prerequisites: BMS107 Principles of Vertebrate Biology or N362/BIO362 Comparative Animal Physiology.

Cell Biology (BIO152)  
Prerequisites: A thorough knowledge of Year 12 secondary level Chemistry is assumed. Students who did not achieve a final scaled score of 61% or more in TEE Chemistry within the three years immediately preceding enrolment are required to pass M140/PEC140 Introduction to Chemistry or PEC144 Chemical Principles or M114/PEC114 Chemistry for Biological Sciences or M115/PEC115 Chemistry for Environmental Science or M116/PEC116 Chemistry for Physical Sciences prior to enrolling.

Chiropractic Biochemistry (CHI281)  
Prerequisites: Enrolment in Chiropractic and completion of Part I units or enrolment in the Bachelor of Sports Science and BIO152 Cell Biology and PEC140 Introduction to Chemistry.

Chiropractic Skills and Principles II (CHI309)  
Prerequisites: Enrolment in Chiropractic and successful completion of first and second year of study in the course.

Clinical Orthopaedics and Neurology (CHI304)  
Prerequisites: Enrolment in BSc/BChiro and successful completion of years 1 and 2.

Clinical Practicum (CHI584)  
Prerequisites: Enrolment in BSc/BChiro and successful completion of years 1 to 4 and the Clinic Entrance Assessment.

Comparative Musculoskeletal Anatomy (BMS108)  
Prerequisites: BMS101 Introduction to the Human Body

Decision Making in Clinical Imaging (CHI586)  
Prerequisites: Enrolment in Chiropractic and the successful completion of Years 1 to 4 of study in the course.

Diagnosis and Chiropractic Skills (CHI302)  
Prerequisites: Enrolment in BSc/BChiro and successful completion of Years 1 and 2.

Ethics and Jurisprudence (CHI581)  
Prerequisites: Completion of BSc (Chiropractic) or permission of Program Chair

Evidence Based Practice (CHI585)  
Prerequisites: Enrolment in BSc/BChiro and successful completion of Years 1 to 4 OR enrolment in the Bachelor of Sports Science and successful completion of Part I and CHI282 Human Anatomy II and CHI209 Biomechanics and Chiropractic Skills.

Human Anatomy I (CHI280)  
Prerequisites: BMS101 Introduction to the Human Body and BMS108 Comparative Musculoskeletal Anatomy.

Human Anatomy II (CHI282)  
Prerequisites: BMS101 Introduction to the Human Body and BMS108 Comparative Musculoskeletal Anatomy.

Immunology, Genetics and Microbiology (CHI305)  
Prerequisites: Enrolment in Chiropractic and successful completion of first and second year of study in the course.

Introduction to Chemistry (PEC140)  
Prerequisites: This unit is for students with a weak background in Chemistry. Students with a final scaled score of more than 60% in TEE Chemistry within the past three years may be excluded from the unit. A knowledge of basic mathematics will be assumed.

Mental Health Issues (CHI488)  
Prerequisites: This unit is subject to quota and Chiropractic and Sports Science students will be given priority.

Physical Examination (CHI283)  
Prerequisites: BMS101 Introduction to the Human Body; BMS108 Comparative Musculoskeletal Anatomy; BIO152 Cell Biology; CHI109 Chiropractic Skills and Principles I; BMS107 Principles of Vertebrate
Physiology; CHI280 Human Anatomy I; BMS264 Biomedical Physiology. Co-requisite CHI282 Human Anatomy II. This unit is subject to quota and Chiropractic and Sports Science students will be given priority.

Physiological Therapeutics (CHI423)
Prerequisites: Enrolment in BSc/BChiro and the successful completion of Years 1 to 3.

Pre-clinical Practicum (CHI484)
Prerequisites: Enrolment in BSc/BChiro and the successful completion of Years 1 to 3.

Primary Practice I: Health Promotion and Disease Prevention: Nutritional Management (CHI303)
Prerequisites: Enrolment in BSc/BChiro and successful completion of years 1 and 2.

Primary Practice II: Rehabilitation (CHI411)
Prerequisites: For students enrolled in BSc/BChiro: successful completion of years 1 to 3.
For Non Chiropractic students completion of CHI209 Biomechanics and Chiropractic Skills and CHI282 Human Anatomy II.

Primary Practice III: Differential Diagnosis I (CHI412)
Prerequisites: Completion of the BSc in Chiropractic.

Primary Practice IV: Differential Diagnosis II (CHI413)
Prerequisites: Completion of the BSc in Chiropractic.

Primary Practice V: Definitive Diagnosis and Pharmacology (CHI414)
Prerequisites: Completion of the BSc in Chiropractic.

Principles of Vertebrate Physiology (BMS107)
Prerequisites: Nil. BMS101 Introduction to the Human Body or ANS102 Introduction to the Animal Body are strongly recommended as precursor units.

Processes in Human Disease (CHI301)
Prerequisites: Enrolment in Chiropractic and successful completion of first and second year of study in Chiropractic.

Public Health (CHI509)
Prerequisites: Enrolment in Chiropractic and the successful completion of Years 1 to 4 of study in the course, or by special application to the Unit Coordinator.

Radiography: Principles and Positioning (CHI421)
Prerequisites: Completion of the BSc in Chiropractic.

Topics Review (CHI589)
Prerequisites: Enrolment in Chiropractic and the successful completion of Years 1 to 4 of study in the course.
Sports Science (BSportsSc)
Bachelor of Sports Science (BSportsSc)

Course Structure - 72 points

Part I - 24 points
- **Foundation Unit** - 3 points
  Select one Foundation Unit from the Foundation Units from Appendix D

Core Units - 15 points
- BMS101 Introduction to the Human Body - 3 pts
  Murd: S1-Int
- CHI109 Chiropractic Skills and Principles I - 3 pts
  Murd: S1-Int
- BMS108 Comparative Musculoskeletal Anatomy - 3 pts
  Murd: S2-Int
- CHI106 Introduction and Application of Epidemiology - 3 pts
  Murd: S2-Int
- BMS107 Principles of Vertebrate Physiology - 3 pts
  Murd: S2-Int

Specified Electives - 6 points
Select from the following:
- PSY141 Introduction to Psychological Science - 3 pts
  Murd: S1-Int, S2-Int Rock: S1-Int
- PSY171 Introduction to Applications of Psychology - 3 pts
  Murd: S1-Int, S2-Int
- PEC140 Introduction to Chemistry - 3 pts
  Murd: S1-Int, S1-Ext, S2-Int, S2-Ext
- BIO152 Cell Biology - 3 pts
  Murd: S2-Int
- BUS161 Introduction to Economics - 3 pts
  Murd: F3-Int, S1-Int, S1-Ext, S2-Int, S2-Ext
  Peel: S1-Int Rock: S2-Int
- BUS160 Introduction to Accounting - 3 pts
  Murd: S1-Int, S2-Int
  Peel: S1-Int Rock: S2-Int
- BUS145 Principles of Management - 3 pts
  Murd: F3-Int, S1-Int, S1-Ext, S2-Int
  Peel: S1-Int Rock: S2-Int
- BUS169 Principles of Marketing - 3 pts
  Murd: S1-Int, S2-Int
  Rock: S2-Int
- BUS140 Principles of Finance and Banking - 3 pts
  Murd: S1-Int, S2-Int
  Peel: S1-Int Rock: S1-Int

Part II - 48 points
Core Units - 36 points
- CHI207 Sports Exercise Physiology - 4 pts
  Murd: S1-Int
- CHI208 Sports and Health Assessment - 4 pts
  Murd: S1-Int
- CHI282 Human Anatomy II - 4 pts
  Murd: S2-Int
- CHI209 Biomechanics and Chiropractic Skills - 4 pts
  Murd: S2-Int
- CHI411 Primary Practice II: Rehabilitation - 4 pts
  Murd: S1-Int
- CHI585 Evidence Based Practice - 2 pts
  Murd: T1-Int
- CHI315 Sports Science Practicum I - 2 pts
  Murd: S1-Int
- CHI318 Sports and Exercise Prescription - 4 pts
  Murd: S2-Int
- CHI488 Mental Health Issues - 2 pts
  Murd: S2-Int
- CHI316 Sports Science Practicum II - 4 pts
  Murd: S2-Int
- CHI317 Sports Nutrition - 2 pts
  Murd: S2-Int

Specified Electives - 12 points
Select from the following:
- CHI280 Human Anatomy I - 4 pts
  Murd: S1-Int
- CHI281 Chiropractic Biochemistry - 4 pts
  Murd: S1-Int
- BMS264 Biomedical Physiology - 4 pts
  Murd: S1-Int
- CHI283 Physical Examination - 4 pts
  Murd: S2-Int
- PSY247 Psychology: Human Development - 4 pts
  Murd: S1-Int
- PSY248 Psychology: Social Bases of Behaviour - 4 pts
  Murd: S2-Int
- PSY249 Psychology: The Developing Mind - 4 pts
  Murd: S2-Int
- PSY358 Psychology: Sensory Abilities and Disabilities - 4 pts
  Murd: S2-Int
- PSY357 Psychology: Safety, Errors and Accidents - 4 pts
  Murd: S2-Int
**Prerequisites - Sports Science (BSportsSc)**

**Biomechanics and Chiropractic Skills (CHI209)**
- Prerequisites: BMS101 Introduction to the Human Body and BMS108 Comparative Musculoskeletal Anatomy. Co-requisite CHI282 Human Anatomy II. This unit is subject to quota and Chiropractic and Sports Science students will be given priority.

**Biomedical Physiology (BMS264)**
- Prerequisites: BMS107 Principles of Vertebrate Biology or N362/BIO362 Comparative Animal Physiology.

**Cell Biology (BIO152)**
- Prerequisites: A thorough knowledge of Year 12 secondary level Chemistry is assumed. Students who did not achieve a final scaled score of 61% or more in TEE Chemistry within the three years immediately preceding enrolment are required to pass M140/PEC140 Introduction to Chemistry or PEC144 Chemical Principles or M114/PEC114 Chemistry for Biological Sciences or M115/PEC115 Chemistry for Environmental Science or M116/PEC116 Chemistry for Physical Sciences prior to enrolling.

**Chiropractic Biochemistry (CHI281)**
- Prerequisites: Enrolment in Chiropractic and completion of Part I units or enrolment in the Bachelor of Sports Science and BIO152 Cell Biology and PEC140 Introduction to Chemistry.

**Comparative Musculoskeletal Anatomy (BMS108)**
- Prerequisites: BMS101 Introduction to the Human Body

**Evidence Based Practice (CHI585)**
- Prerequisites: Enrolment in BSc/BChiro and successful completion of Years 1 to 4 OR enrolment in the Bachelor of Sports Science and successful completion of Part I and CHI282 Human Anatomy II and CHI209 Biomechanics and Chiropractic Skills OR enrolment in the Master of Pharmacy or Postgraduate Diploma in Pharmaceutical Health Science. This unit is subject to quota and Chiropractic, Sports Science, Master of Pharmacy, and Pharmaceutical Health Science students will be given priority.

**Human Anatomy I (CHI280)**
- Prerequisites: BMS101 Introduction to the Human Body and BMS108 Comparative Musculoskeletal Anatomy. This unit is subject to quota and Chiropractic and Sports Science students will be given priority.

**Human Anatomy II (CHI282)**
- Prerequisites: BMS101 Introduction to the Human Body and BMS108 Comparative Musculoskeletal Anatomy. This unit is subject to quota and Chiropractic and Sports Science students will be given priority.

**Introduction to Chemistry (PEC140)**
- Prerequisites: This unit is for students with a weak background in Chemistry. Students with a final scaled score of more than 60% in TEE Chemistry within the past three years may be excluded from the unit. A knowledge of basic mathematics will be assumed.

**Mental Health Issues (CHI488)**
- Prerequisites: This unit is subject to quota and Chiropractic and Sports Science students will be given priority.

**Physical Examination (CHI283)**
- Prerequisites: BMS101 Introduction to the Human Body; BMS108 Comparative Musculoskeletal Anatomy; BIO152 Cell Biology; CHI109 Chiropractic Skills and Principles I; BMS107 Principles of Vertebrate Physiology; CHI280 Human Anatomy I; BMS264 Biomedical Physiology. Co-requisite CHI282 Human Anatomy II. This unit is subject to quota and Chiropractic and Sports Science students will be given priority.

**Primary Practice II: Rehabilitation (CHI411)**
- Prerequisites: For students enrolled in BSc/BChiro: successful completion of years 1 to 3. For Non Chiropractic students completion of CHI209 Biomechanics and Chiropractic Skills and CHI282 Human Anatomy II.

**Principles of Vertebrate Physiology (BMS107)**
- Prerequisites: Nil. BMS101 Introduction to the Human Body or ANS102 Introduction to the Animal Body are strongly recommended as precursor units.

**Psychology: Sensory Abilities and Disabilities (PSY358)**
- Prerequisites: PSY141 Introduction to Psychological Science OR PSY171 Introduction to Applications of Psychology OR PSY173 Introduction to Psychological Research Methods.

**Psychology: Social Bases of Behaviour (PSY248)**
- Prerequisites: PSY141 Introduction to Psychological Science OR PSY171 Introduction to Applications of Psychology OR PSY173 Introduction to Psychological Research Methods.

**Psychology: The Developing Mind (PSY249)**
- Prerequisites: PSY141 Introduction to Psychological Science OR PSY171 Introduction to Applications of Psychology OR PSY173 Introduction to Psychological Research Methods; PSY247 Psychology: Human Development OR PSY143 Introduction to Developmental Psychology.
## APPENDIX C

### Sample Enrolments

**Chiropractic (BChiro, BSc)**

Sports Science (BSportsSc)

In 2008 the Sports Science major has been reviewed and the revised structure will be implemented in Semester 1 2009. The following samples have been designed to accommodate these proposed changes and provide new students with the flexibility to select from a range of recommended double majors.

Note: Due to unit prerequisites, Semester 2 entry students will complete Part I over three semesters.

<table>

</tr>
</tbody>
</table>

12pts

**From 2009 these units will no longer be core units for the Bachelor of Sports Science. They are, however, required for the Chiropractic course and are recommended by the School of Chiropractic and Sports Science for students considering a course transfer in 2009.

For more information on the 2009 proposed changes to the Bachelor of Sports Science, please contact the Program Chair whose contact details can be found in Appendix F.

All Murdoch students are required to complete one Foundation Unit unless they have been awarded Advanced Standing including an exemption for it. Check the teaching timetable for most up-to-date day, time and room location of each Foundation Unit: (http://www.murdoch.edu.au/admin/timetables/teaching/). All foundation units have Lectures: 2 hours per week; workshops/tutorials: 2 hours per week. Below are the foundation units on offer for semester 2.

**FDN115 Interactions of Society and Technology**
Murdoch: Semester 1-internal, Semester 1-external, Semester 2-internal, Semester 2-external
Peel: Semester 1-internal, Semester 2-internal,
Rockingham: Semester 1-internal, Semester 2-internal
Unit Coordinator – Martina Muller, m.muller@murdoch.edu.au
Tel: 9360 2955, Room: Science and Computing 2.011

Society’s constantly evolving interrelationship with technology has fundamentally changed our perception of ourselves and society. It is increasingly important for people to have a broad understanding of social, historical, ethical, economic and environmental factors that interconnect societal development with the nature of technology. FDN115 will provide students with an understanding of these important issues. Topics: histories of western culture and sciences, the nature of democracy, life cycle analysis and sustainability, political structures, cities, reproductive technologies, privacy, medicine, design and innovation.

**FDN150 Reinventing Australia**
Murdoch: Semester 1-internal, Semester 1-external, Semester 2-internal, Semester 2-external
Rockingham: Semester 1-internal
Unit Coordinator – Dr Brad Pettitt, b.pettit@murdoch.edu.au
Tel: 9360 6465, Room: Social Sciences Room 3.017

As Australia is in some sense being ‘reinvented’ by globalisation, new technology and other forces for change, we consider just what ‘Australia’ is and possibilities for shaping its future. Topics: contemporary issues such as the environment, Aboriginal rights, the family and citizenship. Our aim is to identify and understand some of the salient features of Australian society.
