|                             |  |
|-----------------------------|--|
| <b>Position</b>             | Senior Lecturer in Small Animal Medicine |
| <b>Level/Classification</b> | ACSLC                                    |
| <b>Reports to</b>           | Dean of Veterinary Medicine              |
| <b>Unit</b>                 | School of Veterinary Medicine            |
| <b>Directorate</b>          | College of Environmental & Life Science  |
| <b>Positions Supervised</b> | 0  |

## Position Purpose

As a Senior Lecturer, you will make substantial contributions to the small animal medicine service. Within the role, you will contribute to the teaching program in small animal medicine, which entails the creation and maintenance of material that is aligned with other course content, and delivered within the agreed teaching strategy. Unit coordination is also expected with this role. In addition, you will contribute to leadership of the clinical service, through consulting, as well as supervision and training of both undergraduate and graduate students.

Alongside teaching responsibilities, you will aid development of clinical research within the School by securing competitive grants, delivering appropriate research outputs, and supporting resident research requirements, whilst engaging with industry and/or other external stakeholders to develop partnerships and progress the interests of the College and the University. There is flexibility to allow you to develop new and innovative clinical, teaching and research directions, and to place more emphasis on either teaching or research depending on your interests and career goals. Further qualifications in teaching or research are also supported.

## About Murdoch University

Murdoch University is a young and dynamic university with a foundational commitment to the environment, social justice and inclusion, and making education accessible to more people. Founded as Western Australia's second university in 1974, today, Murdoch has more than 21,000 students and 1,700 staff across campuses in Perth, Singapore and Dubai. With more than 90,000 Alumni, Murdoch graduates can be found all over the world, making a positive difference.

Our Strategy – Ngala Kwop Biddi. Building a brighter future, together – guides the University's direction and reaffirms our shared purpose to change lives and society for the better through accessible education and research.

The Strategy is focused on three key themes:

- Sustainability: Be a leading university in education, teaching and translational research in sustainability.
- Equity, Diversity, and Inclusion: Build a welcoming, diverse and inclusive community.
- First Nations: Become the University of first choice for First Nations peoples.

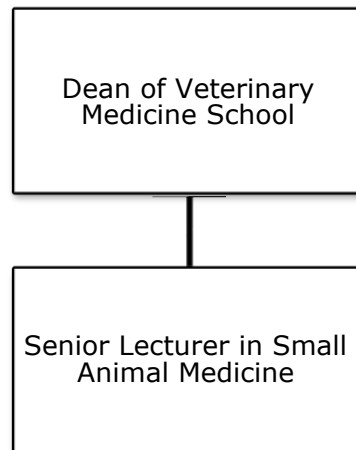

Murdoch is also committed to building engagement with our local community, State, nation, and global society with a track-record in creating strong partnerships with business, government and industry.

### About the Work Area

The College is well resourced with research and teaching facilities, and hosts a number of research groups and centres across the disciplines of;

- Agricultural Sciences
- Environmental and Conservation Sciences
- Molecular and Biomedical Sciences
- Veterinary Medicine
