

POSITION DESCRIPTION

Position	Veterinary Nurse (Medicine)
Level/Classification	H0404
Reports to	Medicine Coordinator
Unit	The Animal Hospital
Directorate	School of Veterinary Medicine
Positions Supervised	Nil

Position Purpose

The key purpose of this role is to provide high quality veterinary nursing care to animals in The Animal Hospital At Murdoch University.

About Murdoch University

Murdoch University is a young and dynamic university with a foundational commitment to the environment, social justice and inclusion, and making education accessible to more people. Founded as Western Australia's second university in 1974, today, Murdoch has more than 21,000 students and 1,700 staff across campuses in Perth, Singapore and Dubai. With more than 90,000 Alumni, Murdoch graduates can be found all over the world, making a positive difference.

Our Strategy – Ngala Kwop Bidli. Building a brighter future, together – guides the University's direction and reaffirms our shared purpose to change lives and society for the better through accessible education and research.

The Strategy is focused on three key themes:

- Sustainability: Be a leading university in education, teaching and translational research in sustainability.
- Equity, Diversity, and Inclusion: Build a welcoming, diverse and inclusive community.
- First Nations: Become the University of first choice for First Nations peoples.

Murdoch is also committed to building engagement with our local community, State, nation, and global society with a track-record in creating strong partnerships with business, government and industry.

About the Work Area

Murdoch University is home to the only Veterinary College in Western Australia, and its prestigious teaching hospital provides the clinical facility that enables students to have the clinical 'hands-on' opportunity. It also provides a service to community through its team of top specialists who oversee the care and treatment of all animals referred to the Hospital.

The Small Animal Internal Medicine, Oncology, and Cardiology service at The Animal Hospital delivers comprehensive care for a wide range of complex medical conditions affecting dogs and cats. Employing advanced diagnostic modalities such as video endoscopy, ultrasonography, digital radiography, CT, MRI, electrocardiography, blood pressure monitoring, and supported by an on-site laboratory, we provide prompt and accurate diagnostics. Our facility features a fully equipped ICU for 24-hour critical care as well as a dedicated Oncology suite for chemotherapy administration. Collaborating with dermatology, surgery, critical care, pathology, imaging, and anaesthesia teams, we adopt a multidisciplinary approach for holistic and patient-centred care. Team members will regularly communicate with referring veterinarians, so the best and most convenient patient care is offered to our clients for their pets. You would be joining a team of 7 veterinary nurses with the service open to clientele 08:00 -18:00 Weekdays.

[The Animal Hospital At Murdoch University](#) (TAHMU) aims to provide an environment where high professional and clinical standards, based on available scientific evidence, are tempered with genuine care and compassion

Reporting Relationships

(Use diagram to describe the position's reporting relationships. Please note bullet points or names should not appear.)
