**Terminology:** Different Universities name “units” different: This can be course, module or subject. A common name for “course” is degree or program.

**Availability of units:** Not every University offers every course of study. We strongly recommend you doing research on the units that are offered (in English if applicable) before you apply. We are able to give suggestions to some extent however it is your responsibility to make sure that the University you want to apply for offers units that can count towards your degree.
