Candidates for Ordinary Guild Councillors

Candidate 1

Jesse Bellotti

My name is Jesse Bellotti.

I completed the K-track enabling course in second semester 2014, after that in first semester 2015 I started a degree in Theatre and Drama. I later added a second major of Radio because I love Music. In 2021 I changed my degree to a single major in English and Creative Writing: because I want to use this to eventually get me into secondary teaching; in English, which was my favourite subject in high school. I want to be the Teacher I never had and help struggling students to achieve success in their studies.

I am determined to finish my degree (English and Creative Writing), and graduate in secondary teaching.

I, Jesse Bellotti, would like to nominate myself as an Ordinary Guild Councillor for Murdoch University as I will strive to attend all meetings, put forward any requests by other students to help in making the University a great place for all students, and make any improvements that are requested

Ariff Bin Julainie (GROWTH)

My name is Ariff Bin Julainie and I'm proud and looking forward to run for a position as Ordinary Guild Councillors (OGC) affiliated with Growth party.

My leading objective towards running in the election is to enhance the student engagement, experience, and culture at Murdoch University through support, involvement of activities and advocacy. As part of my goal, I would like to be part of the ongoing improvement and progress of Murdoch University and the electoral party which I will be running for, that administers the wellbeing of students regardless of religion, race, colour, and ethnic background.

My name is Daisy Bond, and I'm super excited to be running with Growth as an Ordinary Guild Councillor (OGC) for 2023.

A little information about myself; I'm in my third year studying a double Bachelors in Science and Criminology with majors in Crime Science + Forensic Biology and Toxicology. I started my learning experience at Murdoch in 2019, after completing a Cert IV in Business.

I am involved in many university clubs; I'm a committee member of the Medical, Molecular, & Forensics Society (MMFS); an Events Officer for the Murdoch Criminology Society (MCS); and the Science Rep for the Women in STEM Society. I am

also currently participating in the Murdoch Cold Case Review (CCR) team and the WA Parliament Research Project internship.

Candidate 8

Jamilla Day (GROWTH)

My name is Jamilla Day and I am running for an Ordinary Guild Councillor with Growth for 2023.

I have been studying a Bachelor of Science in Marine Science since 2020 and next year is my final year, and I am looking forward to being a part of the guild and university life even more.

Since beginning my study with Murdoch, I have been living in the University Village, and it has allowed me to be a part of the university on a regular basis and I have grown to love and care about the campus a lot. I want to enable other future and current students that want to live at the Village to have the same enjoyable experience that I have, as well as also being affordable, which is what Growth is aiming for next year.

I am part of the MuENSA society and the Murdoch Writers Society and have been wanting to get involved with the dive club since I got my license earlier this year. The opportunities these clubs give and the socialisation that comes with it helps the

university experience immensely and I am excited for the growth team to further their development next year.

Over the course of my last year at Murdoch, I would love to know that I have helped make it a better University with a great experience for all that attend, with affordability, acceptance and the many social opportunities made available by the guild.

I am running with Growth, the progress you know. If elected by you, our party will be able to continue to provide students with our signature ABC's.
